

10/7/13

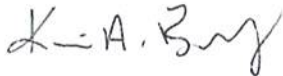

Dear, City of La Crosse

I just recieved your letter regarding my neighbors property at 620 9th street and its rental registration process. This has informed me that I must due the same with the property I own at 618 s 9th st.

My house is also a rental and has been for years ever since I bought It. My original understanding was that I only had to register the property once, and have an Inspection every 5 years. I now have been informed that the property was recently rezoned out of the r-5 zoning to single family, and this is what is causing this to now be reregistered every two years.

I am applying for the waiver based on the rules being changed by the city with out any notification. Sorry to take any time or resources on this matter, but I truly believed I was already in compliance.

Respectfully

Kevin Biondo
