Dear Council Members,

As a downtown La Crosse business with over 150 years in the community, State Bank Financial is concerned about the proposal being voted on tonight to reduce parking. Employees and customers of downtown businesses already struggle to find parking, often resorting to paying fines.

Reducing available spots will make it harder for people to visit restaurants and retailers and for employees to get to work, which impacts the vitality of our downtown. To support a strong business culture, we urge you to **maintain current parking availability.**

Thank you,

**Timothy J. Kotnour**
