Board of Public Works:

The La Crosse Fire Department is in an emergent need for repairs at the Station 1 location (726 5th Ave S). Repairs are needed in four apparatus bays, which includes design and asbestos abatement for the interior tunnel lids and exterior spot pavement repairs. We have received a bid from Fowler & Hammer for \$91,500. Funding for this request will be provided by Capital Project budgets (both previous and pending).

Thank you.
