September 13, 2021

Residents of 700 block of 22<sup>nd</sup> Street North,

A request was received to consider options for on-street parking in this block of 22<sup>nd</sup> Street North. The street currently has several small sections of 2-Hour Parking. The issue has been raised regarding consistency of parking.

This matter will be discussed at the **Board of Public Works** meeting on **Monday, September 27, 2021 at 10:00 A.M.** The proposed parking change would be to create 2-Hour parking zones on both sides of the street.

Your input is valuable, as the daily users of this street, to update conditions to current practical and feasible use. Please feel free to attend the meeting to discuss this issue, if you wish. The following link will be available for comment on the day of the meeting. <https://call.lifesizecloud.com/4912386> If you cannot, or do not care to, attend, you may submit comments or concerns in writing to the Engineering Department. All comments and options will be considered.

Sincerely,

Stephanie J. Sward,  
Civil Engineer IV

Cc: Council President Barb Janssen
