Gillette Street Reconstruction Public Involvement Meeting

February 11, 2019

What is your opinion of removal of parking (from one side) of the Gillette Street corridor?

I think removing parking from Gillette Street would improve the safety of the corridor.

What is your opinion of the addition of bicycle accommodations to the Gillette Street corridor?

The addition of bicycle accommodations to Gillette Street would increase the number of people willing to ride bikes rather than drive in this corridor.

JASON GILMAN, AICP, PLANNING & DEVELOPMENT DIRECTOR

Gillette Street Reconstruction Public Involvement Meeting

February 11, 2019

What is your opinion of removal of parking (from one side) of the Gillette Street corridor?

- Alternatives need to be proposed on a less busy street?
- The conversation in the room seems to really point at a need for better pedestrian facilities vs. bicycle? Most of the kids are walking to/from schools vs. biking?

What is your opinion of the addition of bicycle accommodations to the Gillette Street corridor?

- The allowable cross section of Gillette is very narrow... is there another east-west route that might have less traffic and be safer for bicycle traffic?
- This could (will) have a significant effect on the resident and business parking along this corridor. The parking data doesn't reflect peak usage (during a funeral at the funeral home). No summer data? also peak usage at drop off + pickup for Normside Elementary?
6 bike + 6 pet crashes over 13 yrs. - this is 3 one per year? is this normal? does this fix something?

Gillette Street Reconstruction Public Involvement Meeting

February 11, 2019

What is your opinion of removal of parking (from one side) of the Gillette Street corridor?

Hardship for residents & commercial tenants.

What is your opinion of the addition of bicycle accommodations to the Gillette Street corridor?

Safety is major concern - would prefer to see bike lines on less/lower traffic streets.
