Section 5: Required Project Information			
Property Owner Name (if other than applicant)	Phone Number (include area code)		
Address	City	State	ZIP Code

Public Entity     
  Private Entity     
  Lease or Easement     
 Expiration Date: \_\_\_\_\_

Who will be responsible to build/operate/maintain the project for at least 20 years?  
 City of La Crosse Park, Recreation, & Forestry Department

Is this project new construction or a renovation of an existing facility? <input checked="" type="radio"/> New <input type="radio"/> Renovation	Number of vehicle/trailer parking spaces currently at the location: 50	How many vehicle/trailer parking spaces are you planning to add? 0
--	--	--

For an inland lake project, what is the total number of vehicle/trail parking spaces currently on the proposed waterbody at public facilities?	Will your project have single vehicle parking spaces? <input type="radio"/> Yes <input type="radio"/> No	If yes, how many?
--	---	-------------------

For a Great Lake or river project, what is the distance to the nearest existing public access site?	Does your project location have any designated disabled parking space(s)? <input checked="" type="radio"/> Yes <input type="radio"/> No	If yes, how many? 4
---	--	---------------------

Is your project (boat launch, boarding dock, pier, restrooms, etc.) accessible to people with disabilities? <input checked="" type="radio"/> Yes <input type="radio"/> No	If no, are there any other locations on the waterbody accessible to people with disabilities? <input type="radio"/> Yes <input type="radio"/> No	If yes, where is the location?
--	---	--------------------------------

Does your project develop an access facility on an inland lake or river where no public access exists?     Yes    No

Is your project associated with a harbor of refuge or protected launch (structures such as bulkheads and breakwaters necessary to provide safe water conditions) ref. NR 7.03(14) <input type="radio"/> Yes <input checked="" type="radio"/> No	If yes, explain.
---	------------------

Will your project correct a significant health or safety hazard <b>NOT</b> due to inadequate routine maintenance? <input type="radio"/> Yes <input type="radio"/> No	If yes, explain.
--	------------------

Is this project required to fulfill a compliance order or court ruling? If yes, include a copy with key provisions highlighted.     Yes    No

Describe the geography of the current site. Include physical characteristics, topography, vegetation cover type, presence of any waterways/wetlands, current land use and zoning classification, etc.  
 This project is located in Copeland Park, the largest park located on the north side of La Crosse on the Black River. Zoning/land use is Park. The fishing pier is located on the north end of the park off a cul de sac and extends into the Black River.

Check here if the applicant conducts a boating safety enforcement and education program approved by the Department of Natural Resources

**Boating and Fishing State and Federal Grant Application**

Form 8700-343 (R 6/18)

Page 3 of 6

**Existing launch facilities:**

Do you charge a launch fee?  Yes  No If yes, how much? \$5.00 If no, contact your CSS.

**New launch facilities:**

Will you charge a launch fee?  Yes  No If yes, how much? \_\_\_\_\_

Do you have a budget for maintenance?  Yes  No

Have any of the following reviews been completed for the property? If yes, explain and/or provide a copy of the review

Rare Species  Yes  No

Phase I Environmental Site Assessment  Yes  No

Archaeological and Historical  Yes  No

What is the state of readiness of your project?

Project has final engineering plans suitable for construction or construction bidding or project does not require further planning or design for construction to begin.

Project has preliminary site plans but additional engineering or design work are necessary before construction can begin.

Are there any known controversies/complications with the proposed project? Are there any measures proposed to address the controversies/complications? Please identify any known controversies.

There are no known controversies/complications.

**Required Information For: Recreational Boating Funding (RBF & SFR)**

**Development (RBF and SFR grants):** You must submit a statement of feasibility. (See Section 7 of this form.) Include all required attachments listed in Section 8 Checklist.

**Channel Dredging (RBF and SFR grants):** You must submit a statement of feasibility. (See Section 7 of this form.) Include all required attachments listed in Section 8 Checklist.

**Navigational or Regulatory Markers/Buoys - new or replacement (RBF grants):** Summarize the number and type of markers. Attach a copy of your approved waterway placement permit indicating buoys or markers requested. Include all required attachments listed in Section 8 Checklist.

**Feasibility Study (SFR grants):** You must submit a statement of feasibility. (See Section 7 of this form.) Include all required attachments listed in Section 8 Checklist.

**Purchase of Equipment - weed harvester, trailer, barge, conveyor, trash skimmer (RBF grants):** List the types of equipment, whether the new equipment will replace the existing equipment, and specify how each type of equipment will be used and maintained. For weed harvester equipment, include proof of your approved weed harvesting management plan. Include all required attachments listed in Section 8 Checklist.

If this equipment is a replacement, when was the equipment that is being replaced purchased?

Was it purchased with the aid of a state grant?  Yes  No

If yes, list the type of grant and year awarded.

**Required Information For: Shore Fishing Piers and Flats Funding (SFR)**

Is your project the first shore fishing facility on the waterbody or the first facility more than five miles from the next facility on a river, Great Lake or large lake with greater than five miles of shore?  Yes  No

Does the site have adequate parking for shore fishing activities?  Yes  No

If yes, please list the number parking spaces. Describe where the parking spaces are located, whether in a designated parking lot (gravel or paved), or on-street parking, and the distance from the fishing area.

Is the project location near a local community center, a cluster of housing, or in a campground area?  Yes  No

**Section 6: Project Description & Proposed Timeframe**

Use language that an evaluator unfamiliar with your project will understand. If the project will be completed in phases, please list specific work activities that will be undertaken during each phase.

The project is to replace a wooden 8'X35', stationary, fishing pier at Copeland Park in the City of La Crosse Wisconsin on the Black River. The age of this pier is unknown and because it is stationary, it goes under water with fluctuations in the Black River making it unusable when such occurrences happen. High water occurrences also leave this fishing pier susceptible to silt and debris deposits on the decking leaving it unsafe for use and have caused the main beams to rot beyond repair leaving the pier unsafe for use. The proposal is to replace this pier in its entirety with an 8'X35' commercial grade steel truss floating pier system with aluminum non-skid decking with ADA compliant railings. The system will be held in place with two (2) 12" steel piles. Access to the pier will be by a 6' wide, ADA compliant, aluminum non-slid decked gangway with ADA compliant access from the street. Proposed pier system is anticipated to be complete by May 1, 2021.

**Section 7: Project Feasibility Statement**

Describe, justify and state the project objectives to include economic, environmental and engineering aspects (who, what, where, when and why). Include dimensions of the property and proposed facilities.

The current fishing pier is used by the general public, including individuals that need accommodations consistent with ADA standards. As the current wooden fishing pier system has been declared unsafe for use, the objective is to remove it and have the new in place as soon as possible for the public to use and enjoy. There are no negative environmental or engineering aspects to this project. There are no permits required to replace this fishing pier.

I certify that information in this application, and all its attachments, is true and correct and in conformity with applicable Wisconsin Statutes.

Name of Authorized Representative (Type or Print) <i>James F. Lottmeyer</i>	Title <i>Project Specialist</i>
Signature of Authorized Representative 	Date Signed <i>8-20-2020</i>

Submit copies of all forms and attachments to your regional Community Services Specialist.

**Section 10: Sample Resolution**

WHEREAS, \_\_\_\_\_ hereby requests assistance for the purpose of:

Project description \_\_\_\_\_

THEREFORE, BE IT RESOLVED, that \_\_\_\_\_ has budgeted a sum sufficient to complete the study or project, and HEREBY AUTHORIZES \_\_\_\_\_,

\_\_\_\_\_ to act on behalf of \_\_\_\_\_ to:

- Submit an application to the Department of Natural Resources for financial assistance;
- Sign documents; and
- Take necessary action to undertake, direct and complete the approved project.

BE IT FURTHER RESOLVED that \_\_\_\_\_ will comply with state and federal rules for the programs; may perform force account work; will maintain the completed project in an attractive, inviting and safe manner; will keep the facilities open to the general public during reasonable hours consistent with the type of facility; and will obtain approval from the Wisconsin Department of Natural Resources before any change is made in the use of the project site (if applicable).

Adopted this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.

I hereby certify that the foregoing resolution was duly adopted by \_\_\_\_\_ at a legal meeting on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.

Authorized Signature \_\_\_\_\_

# TRUSS FLOATING DOCK™

## DECKING OPTIONS

**HEAVY DUTY TRUSSES**  
 Especially designed full-width trusses are recommended for connecting sections. Heavy connections prevent any stress on the structure by allowing the dock to flex in tough water conditions or in locations where water levels change rapidly.

Corners are strengthened with extra large girders.

**OPEN FRAMEWORK DESIGN**  
 Open framework design and heavy-duty structural supports.

See pages 48-55 for accessories and description of decking options.
