To all La Crosse City Council members,
I am in favor of STR's. I have used them several times in the past and have positive experiences in all stays. It's much better staying in a house than a hotel room. I don't think one bad neighbor should affect every STR. There are already regulations, licences and inspections. Why make it impossible to continue STR'S? Who would answer the "24 hour hot line". Who is going to pay for all these regulations? Me the tax payer? Who in there right mind would would want to be the manager if a crabby neighbor complains of folks talking and laughing? Of a candy wrapper or a water bottle in her yard? A dead flower in the flower bed in winter? Parking in front of their lot? Last I heard all these things are legal. How in the heck can you all enforce all this? I think all this ridicules.
Sincerely another over-taxed La Crosse citizen,
Douglas Patros
