Subject: Difficulties in Relocating Virginia Kreyer's House

To whom it may concern,

I hope this letter finds you well. I am writing to bring to your attention the unique challenges associated with moving Virginia Kreyer's house located at 4806 Rivercrest Drive N, La Crosse, WI 54601. As a representative of Egge Movers LLC, we have assessed the situation and regretfully conclude that the proposed move is very challenging and presents significant risks, making it almost impossible for us to undertake.

The primary obstacle we face is the size of the house. Due to its dimensions, attempting to move the house in its entirety would require expertise and extensive modifications to accommodate transportation. Furthermore, the house's current location poses additional difficulties, including sharp corners and busy streets within the city. These factors significantly increase the risks associated with transportation and maneuvering, potentially jeopardizing the safety of our crew, the residents of the city, and the structural integrity of the house.

In order to overcome these challenges, it would be necessary to cut the house in half and transport it in separate pieces. This approach not only adds complexity to the operation, but also introduces a higher probability of damage or loss during the process. As a responsible moving company, we prioritize the safety of our clients' belongings and strive to deliver them in the same condition as when they were entrusted to us. However, given the inherent risks involved, the insurance coverage required for such a move would be exorbitant, making it financially unviable for both parties involved.

Considering the aforementioned difficulties and the associated costs, we regretfully inform you that we are unable to provide an estimate or undertake the move. Our commitment to ensuring the satisfaction and safety of our clients compels us to make this decision. We apologize for any inconvenience caused to Virginia and hope that she can find a suitable solution for her relocation needs.

Should you require any further information or clarification regarding this matter, feel free to give us a call. We appreciate your understanding and cooperation in this challenging situation.

Thank you for considering our perspective.
