We are asking you to fell all designated trees, cut the remaining stumps low to the ground, and remove them from the site. If you are interested in being considered for the completion of the work please submit an estimate to me by June 28th. Please submit an estimate for zones 3 and 5, and submit a second estimate for zone 4. I would like to have the removals completed by August 25th. Upon acceptance you will need to provide proof of insurance.
