To City Engineer,

I am objecting to the special assessment that has been applied to my properties at 1623 Moore street & 1617 Moore street. The letter that I received on December 20th, 2025 indicates that the City of La Crosse "intends to exercise its police power in accordance with Sec. 38-1 of the Code of Ordinances" that are present for La Crosse. This letter also indicates that these properties benefited from the curb and gutter installation. While this may be true in regards to rain water runoff it is also true that no one property owner asked for the street to be improved. I grew up on the 1600 block of Moore street and know that curb and gutter has never been present. However, since July 14th, 2011, the City of La Crosse has charged the properties at 1623 & 1617 Moore street for stormwater runoff on a quarterly basis (15⁺ years)
over →

At no point in time did the City of La Crosse offer my mother, who owned the property prior, or myself a waiver to this fee. Prior to the recent installation of the curb and gutter most rain water runoff came down into the driveway of 1623 Moore Street flooding it and often washing away the driveways leading down towards the garage. Repairs to the driveway were always completed by us. I bring this up because I believe some compensation is owed regarding being charged for storm water runoff for 13 1/2 years when this portion of the street had no curb and no gutters.

The letter received on December 22nd, 2005 appears to be the type of letter that was supposed to be sent to property owners prior to the beginning of the project or at the very least near the beginning (once project started) to alert home owners that there would be a special assessment due to the installatⁿ

of the curb and gutters. The letter also indicates that the estimates would be available "after construction is completed". The street project of the 1600 block of Moore street was completed in November 2024 nearly 13 months prior to receiving the special assessment letter in December 2025.

Additionally, prior to the beginning of the Street project we were sent a description of what was involved and when it would start. There was mention of sidewalks as well which the property owners had an opportunity to voice concerns & opinions. There was no ability to voice concerns or opinions about the installation of curb and gutter. If there had been a meeting to this subject we might have been able to find out about the special assessments at a time prior to the project starting.

Lastly, as the project began, several property owners voiced concerns about the new street with curb & gutter &

sidewalks and how this might cost the property owners money. At that time we were told by our alderwoman the the cost of the project was to be taken care of by grants and other funding that was available. The onsite city engineer conveyed agreement with this message from our alderwoman.

Points of objection to special assessment

- 1) Lack of Transparency and misleading information of future cost.
- 2) Timeliness of notice & distribution of special assessment letter
- 3) Lack of ability to have open discussion regarding placement of curb & gutter on 1600 Moore st.

Thank you for your time & attention to this matter,

Sincerely,

William F. Herber owner of 1623 Moore
& 1617 Moore

WHEREAS, the Council accepts as binding the applicability of general principles of law and all the rights and obligations afforded under the United States and Wisconsin Constitutions and statutes.

NOW, THEREFORE, BE IT RESOLVED by the Common Council of the City of La Crosse that it hereby adopts the following written policy regarding opening invocations at the beginning of meetings of the Council, to wit:

1. In order to solemnize proceedings of the Council, it is the policy of the Council to allow for an invocation or prayer to be offered at its monthly regular meetings of the Council for the benefit of the Council.

2. The invocation and pledge of allegiance shall ~~not~~ be listed or recognized on the agenda.

3. No member or employee of the Council or any other person in attendance at the meeting shall be required to participate in any prayer that is offered.

4. The prayer or invocation shall be voluntarily delivered by an eligible member of the clergy in the City of La Crosse. To ensure that such person (the "invocation speaker") is selected from among a wide pool of the City's clergy, on a rotating basis, the invocation speaker shall be selected according to the following procedure:

a. The City Clerk shall compile and maintain a database (the "Congregations List") of the religious congregations with an established presence in the local community of La Crosse.

b. The Congregations List shall be compiled by referencing the listing for "churches," "congregations," or other religious assemblies in the annual Yellow Pages phone book(s) published for the City of La Crosse, research from the Internet, and consultation with local chambers of commerce. All religious congregations with an established presence in the local community of La Crosse are eligible to be included in the Congregations List. Any such congregation not otherwise identified for participation may request its inclusion by specific written communication to the City Clerk.

- c. This policy is intended to be and shall be applied in a way that is all-inclusive of every diverse religious congregation in the local community of La Crosse. The Congregations List is compiled and used for purposes of logistics, efficiency and equal opportunity for all of the community's religious leaders, who may themselves choose whether to respond to the City Clerk's invitation and participate. Should a question arise as to the authenticity of a religious congregation, the City Clerk shall refer to criteria used by the Internal Revenue Service in its determination of those religious organizations that would legitimately qualify for Section 501(c)(3) tax-exempt status.
- d. The Congregations List shall also include the name and contact information of any chaplain who may serve one or more of the fire departments or law enforcement agencies of the local community of La Crosse.
- e. The Congregations List shall be updated, by reasonable efforts of the City Clerk, in November of each calendar year.
- f. Within thirty (30) days of the effective date of this policy, and on or about December 1 of each calendar year thereafter, the City Clerk shall mail an invitation addressed to the "religious leader" of each congregation listed on the Congregations List, as well as to the individual chaplains included on the Congregations List.
- g. The invitation shall be dated at the top of the page, signed by the City Clerk or designee at the bottom of the page, and read as follows:

Dear religious leader,

The City of La Crosse Common Council makes it a policy to invite members of the clergy in the local community of La Crosse to voluntarily offer an invocation at the beginning of its meetings, for the benefit and blessing of the Council. As the leader of one of the religious congregations with an established presence in the local community, or in your capacity as a chaplain for one of the local fire departments or law enforcement agencies, you are eligible to offer this service at an upcoming meeting of the Council.

If you are willing to assist the Council in this regard, please send a written reply at your earliest convenience to the City Clerk at the address included on this letterhead. Clergy are scheduled on a first-come, first-serve basis. The dates of the Council's scheduled meetings for the upcoming year are listed on the following, attached page. If you have a preference among the dates, please state that request in your written reply.

This opportunity is voluntary, and you are free to offer the invocation according to the dictates of your own conscience. To maintain a spirit of respect and ecumenism, the Council requests only that the prayer opportunity not be exploited as an effort to convert others to the particular faith of the invocation speaker, nor to disparage any faith or belief different than that of the invocation speaker.

On behalf of the City of La Crosse Common Council, I thank you in advance for considering this invitation.

*Sincerely,
City Clerk*

h. As the invitation letter indicates, the respondents to the invitation shall be scheduled on a first-come, first-serve basis to deliver the invocations.

5. No invocation speaker shall receive compensation for his or her service.

6. The City Clerk shall make every reasonable effort to ensure that a variety of eligible invocation speakers are scheduled for the monthly regular Council meetings. In any event, no invocation speaker shall be scheduled to offer a prayer at consecutive monthly regular meetings of the Council, or at more than two (2) such Council meetings in any calendar year.

7. Neither the Council nor the City Clerk shall engage in any prior inquiry, review of, or involvement in, the content of any prayer to be offered by an invocation speaker.

8. At the opening of the meeting and the agenda/business of the public, the presiding officer of the Council shall introduce the person selected to recite the Pledge of Allegiance, if any, and the invocation speaker to follow the Pledge of Allegiance, and invite only those persons that wish to participate to stand for those observances of and for the Council.

9. This policy is not intended, and shall not be implemented or construed in any way, to affiliate the Council with, nor express the Council's preference for or against, any faith or religious denomination. Rather, this policy is intended to acknowledge and express the Council's respect for the diversity of religious denominations and faiths represented and practiced among the citizens of La Crosse.

10. To clarify the Council's intentions, as stated herein above, the following disclaimer shall be included in at least 10 point font at the bottom of any printed Council meeting agenda: "Any invocation that may be offered at the Council meeting shall be the voluntary offering of a private citizen, to and for the benefit of the Council. The views or beliefs expressed by the invocation speaker have not been previously reviewed or approved by the Council, and the Council will not endorse the religious beliefs or views of this, or any other speaker."

BE IT FURTHER RESOLVED that this resolution shall supersede any prior resolutions of the Council on this subject matter, including without limitation, the Resolution Adopting a Chaplain for all Council Meetings dated 2/14/74 and 5/8/75 as well as Resolution #41841 adopted 5/12/83.

BE IT FURTHER RESOLVED City staff are authorized to take any and all action necessary to effectuate this Resolution.

Hi.

Our Country was founded on Christian principles.

Prayer is major in these. Let's keep proper principles in place.

Honor the God who created us by asking Him to assist in governing bodies like yours.

We the People still believe in God. Keep honoring this Country as well by having the invocation.

Good morning,

I saw something being posted on Facebook about the invocation before city committee meetings. I don't know a lot about what this invocation is, but the rest of the message I saw went on to say it is a prayer and a statement of faith.

I am in support of people exercising their right to free speech, religion, and all other opinions....and I also believe in the separation of church and state. This means that I am in support of removing this invocation from any government meetings, votes, discussions, etc.

If you have any further information you can offer about this invocation, I'd be curious to know more, but this is my initial reaction when the words religion and government are used in the same sentence.

Thank you for reading,

Dear Council Members:

Please maintain the long-standing tradition of the invocation that precedes council meetings.

Catering to those who want to stop it is rewarding the bullies in society; they can sit quietly for the short time it takes. Stopping this encouraging positive message would be a violation of some of the council members' rights.

Hello,

I am writing to support agenda item 25-1370 sponsored by Mackenzie Mindel.

Removing invocations from city government meetings maintains an environment that equally represents residents, regardless of religious beliefs, practicing or not. The City serves a diverse population of people made up of numerous faiths and views. These invocations can unintentionally exclude and/or alienate those individuals who do not share similar beliefs. City meetings should be kept secular. This will show a commitment to neutrality, inclusiveness, and fairness. Officials should be placing a focus on public business for the betterment of all those in the community. Removing invocations allows all parties involved to practice beliefs in private, leaving government spaces open and without tension.

A simple saying such as "Let us remember our shared humanity and work together for the common good of all citizens" would remove any possible bias whilst accomplishing the goals of the City Council. A Native land acknowledgement would also be appropriate.

I thank Mrs. Mindel for sponsoring this item and hope that the Council considers all points.

Orion Roen

May I also include some of the following statements from the City Council Mission page. I have highlighted some points of mention:

<https://www.cityoflacrosse.org/your-government/city-council/city-council-mission>

Vision

La Crosse is a city of choice – a community for a lifetime – that offers the highest possible quality of life.

Mission

As elected officials, we establish policies to provide services and infrastructure, and to **promote** sustainable economic development, **diverse cultural**, recreational and educational opportunities, and public health and safety.

Core Values

Diversity: Active welcoming of all residents, visitors and employers.

Communication: Clear, open, respectful dialog with each other, employees, citizens and other stakeholders.

Council Members,

To revoke the Invocation is beyond belief. This country was founded on the right to pray.

Our country is already sliding towards Gomorrah. This is another example. We have freedom of religion, not freedom from religion. Atheists, agnostics can believe as they do, but do not take away a Christian's right to pray in public.

Hi council members, I'm writing in support for removing the invocation from government meetings. While I myself am a prayerful person, I don't believe this should be a mandate in our government.

If there is concern about a loss of ritual, I'd suggest you open with a moment of gratitude or holding silence for all council members to reflect on the community they are there to serve. Prayer can be powerful but can also be alienating when forced upon a group. There are many other ways to successfully open a meeting.

Good Morning,

I recently read that the council is considering removing the invocation from the beginning of the meetings. I think that is a good idea. Our government is and should be a secular one. Mixing religion and politics is in conflict with the Constitution, so banning religion at public meetings is appropriate. The City Council should make every effort to focus on the rule of government and law, not religion. Thank you.

Good afternoon,

I heard that there is a possibility that the invocation before council meetings would be removed. I'm writing in to voice my concern as I personally believe it is of great value to the community to pray and ask God for guidance at every opportunity and I believe many people would be affected if this is removed. My pastor, Matt Schroeder (Horizon Christian Fellowship) has given the invocation before and has been very grateful for the opportunity. Since we are still considered a Christian nation and most of the area claims to be Christian, it makes total sense to me to have a Christian practice in place for the direction of the city's inner workings.

Thank you for your time and consideration,

Dear Members of the La Crosse City Council,

I am writing to respectfully express my support for continuing the invocation that precedes City Council meetings.

For many years, this invocation has served as a moment of reflection and humility as important decisions are made for our city. It is offered voluntarily and has long been part of La Crosse's civic tradition, providing space to seek wisdom, peace, and guidance for those who serve and for the greater community as a whole.

Many residents believe prayer offers moral grounding and a reminder that leadership carries responsibility beyond policy alone. Maintaining this practice affirms the values of service, care for others, and accountability—principles that benefit all who live and work in our city, regardless of individual belief.

Thank you for your time, service, and thoughtful consideration of this matter.

Respectfully,

As those who serve in the LaCrosse community, and our constituents, we are here sending our request that you do not discontinue the Invocations at the beginning of the council meetings.

It is vital for all our public businesses and ministries to gather for wisdom and positive leadership in the affairs of our community at the opening of any such meetings.

This does not promote religion, but rather respect for God who holds all power and blessing in His authority. We believe everyone is interested in peace and loving human relationships as well as successful communities, so to invoke God's help seems to be a simple fact and a good choice.

Thank you for all you do to serve the city of LaCrosse and your influence in the Coulee Region .

Dear Members of the Judiciary & Administration Committee,

I am writing as a resident of La Crosse to express my strong concern regarding the proposal to remove the invocation that precedes City Council meetings.

This invocation has been a longstanding part of our civic process and serves as an important moment of reflection, humility, and guidance as city leaders undertake decisions that impact our entire community. For many residents, this prayer represents not exclusion, but a reminder of shared values such as service, accountability, and respect for one another.

The invocation is voluntary and inclusive, and its presence does not restrict participation in city government. Removing it would disregard the voices of many citizens who value this tradition and believe it contributes positively to the tone and seriousness of council proceedings.

I urge the committee to recommend keeping the invocation and to respect the long history and broad community support behind it. Please consider the concerns of residents who believe that eliminating this practice is unnecessary and divisive.

Thank you for your attention to this matter and for your service to our city. I respectfully ask that you act to preserve this important tradition.

Sincerely,
Linse Wilbur

I wanted to correct the number of the resolution to be overturned (2009-08-022) and add that I believe that the points I am (and I'm sure others are) making still stand whether the invocation is upheld as constitutional by SCOTUS or not. That's an awful lot of hoops to jump through just to "solemnize the proceedings." d

Avery Van Gaard

PS Just wanted to add: I found out about this resolution through a post on a conservative, Christian FB page, calling people to action by talking about how our nation was founded by "leaders seeking God's guidance." It seems clear to me that, for the poster and their audience, the invocation is not about solemnizing proceedings through a rotating selection of clergy from a variety of denominations. It is about keeping God - the Christian God - in public, governmental meetings.

On Tue, Jan 6, 2026 at 2:16 PM Avery Van Gaard <averyvangaard@gmail.com> wrote:

Dear Council Members,

I'm writing in support of resolution 25-1370 and the discontinuation of the invocation procedures at Common Council meetings. Resolution 2009-02-022 seems to me to be a clear violation of the separation of church and state. There is no reason to include an invocation in a governmental meeting. If individual members wish to pray outside of the meeting, they are and always were welcome to do so. However, if I am coming before council, I shouldn't feel pressured to pray with the people of whom I am asking for approval for a license or permit.

What are the unintended consequences of this prayer? What is it saying to the many atheists, agnostics, and those of non-Christian denominations that live in our city and want or need to participate? Does an invocation (Christian or otherwise) at the beginning of every meeting create a more welcoming and professional space for ALL residents? How might it affect someone who has come to speak on a topic tangent to religious belief? How might it make non-Christian or non-religious council members feel?

Is alienating residents who wish to participate in their local government worth holding onto a tradition that serves one particular religious group?

Hello,

I am writing to you all in favor of passing resolution #25-1370.

It is important that the city of La Crosse adequately maintains a boundary between the separation of church and state whilst also representing the diverse demographics here in our city. The city of La Crosse is home to multiple constituencies of diverse ethnic and religious background; by continuing the practice of beginning meetings with an invocation, the city alienates its members that are not of Christian faith.

Resolution #25-1370 is not anti-religious in nature; but rather allows for more adequate representation of the citizens of the city of La Crosse by not alienating those who are of different faith. By making city council meetings more inclusive spaces, it allows for La Crosse residents to more readily engage with local issues in spaces of high tension.

Thank you for your consideration on this matter.

Please for the good of all keep the invocation.

An invocation isn't establishing a religion it is respecting that we all need help and to be mindful of the impact we have on others in our decisions and the things we do. We see in our citizens an overwhelming percent have some sort of belief or faith. We see in our help for those experiencing tough times we rely on faith organizations to lend a hand. We see in those that are struggling with addiction or other issues to seek higher power to help them.

I would also like to know what is the reason for the change. What harm has it done? What does the council expect to gain from the change? If these aren't clear or convincing or the answer is only to respond to loud complaints then maybe that is your answer.

Please do not remove the invocation that precedes the monthly city council meetings.

Every Christian in La Crosse opposes this. It would not be smart to do this.

La Crosse City Council Members,

My name is Derek Mueller and I am the pastor at Northside Community Church in La Crosse. I've learned that you are considering removing the invocation from the beginning of city council meetings.

I'll be brief in my thoughts and encouragement to you.

I understand that not everyone on the City Council is a Christian or person of faith. I understand that La Crosse isn't a "Christian" city. And I understand that the invocation is functionally more symbolic than anything else.

Here's why I believe that symbol is important.

Having an invocation recognizes the sacredness of your work. Prayer recognizes something as separate, something as different, as set apart. The work you do in serving our city isn't simply budgets and policies and buildings - it's people. And the work you do is built upon values and principles that serve the good of those people.

And I know you know that. So, of course, you can do the work you do without prayer. You can do the work you do without the acknowledgement of the divine. But taking a moment at the beginning of your times together to recognize the sacredness of what you do and remembering the seriousness of it, I believe still has value for the person of faith and agnostic alike.

I believe it would be a shame to remove something that reminds us of those things.

Sincerely,

Derek Mueller

Dear City Council members:

I believe I have special standing to address this issue. Back around the 1990s, I was invited by my friend John Medinger to stand for an open seat on the city council. During the interview, a council member asked me, "Don't you think you're unqualified for the position because you have a master's degree in theology?" If I had had my wits about me, I would have replied, "Are you aware that Article Six of the US Constitution states, "...no religious test shall ever be required as a qualification to any office or public trust under the United States." I believe I was a victim of discrimination at the hands of this body.

The City Council deals with many issues affected by faith--or absence of faith. Among them are:

1. Accountability. If humans are merely the result of a random, purposeless process, the default ethic would be the "law of the jungle." We could be ruled by plutocrats (the richest), technocrats (the most clever), or autocrats (the most arrogantly powerful). My Christian belief system values liberty, yet acknowledges the law of cause and effect and the prospect of ultimate accountability.
2. Discomfort. One council member has been quoted as saying that "...some members of the public expressed discomfort with the prayer during city council meetings." Discomfort comes with maturation and growth. The following quotation from Thomas Jefferson is inscribed on the Northwest Wall of the Jefferson Memorial in Washington, DC: "God who gave us life gave us liberty. Can the liberties of a nation be secure when we have removed a conviction that these liberties are the gift of God? Indeed I tremble for my country when I reflect that God is just, that his justice cannot sleep forever...."
3. History. Prominent history writer Tom Holland's *Dominion: How the Christian revolution remade the world* has been summarized in part by one reviewer as saying that the "foundational teachings [of Christian doctrine] on human equality, ethics, and the individual's value have shaped our modern societal norms and legal systems."

Dominion Book Summary by Tom Holland <https://share.google/2hHcFnFdYu1mLBOqe>

Our country and city could be ruled by a worldview that would dictate and enforce every action of the public. They could abdicate authority to predatory gangs, destructive philosophies, or tyrannical rulers, or they could accept their high calling and ask a Higher Power--if you will the Grand Designer of Stephen Hawking's "Grand Design," the Judge of all the Earth, and perhaps the Good Shepherd, the Suffering Servant, the Prince of Peace, for wisdom in deliberations and decisions.

Pastor Kael Clemmerson has offered to provide invocations. I am not an ordained minister, but I would offer to help as well.

City Council members.

I write to you in support of the decision to remove the invocation from city council meetings. When invited to pray, I have consistently chosen to not respond to the invitation, firmly believing having an invocation at city council meetings violates the separation of church and state. If I could be assured leaders from a variety of traditions were invited to "pray," not limited to Judaism/Christianity, I would be more inclined to want the tradition of having an invocation continued. I have no such assurance.

The argument is being made that the city and its people need prayer, hence we need to continue the tradition of having an invocation. I would suggest that, although I agree prayer is always needed, there is nothing stopping those of us who pray from praying at other times in other places in other ways. Placing spatial limits on God and God's people is a sign of weakness and distrust in the God who is being prayed to.

Thank you for reading my message of support.

Dear Council Members of La Crosse,

I am writing in response to the vote on removing invocation from the council meetings. I would encourage you to keep this very important part of your meetings. If anything, providential guidance is more than ever needed. I have watch as crime, drugs and homelessness have increased greatly over the years since my family moved to La Crosse County 25 years ago. When we moved here, the news stories were often stories of good deeds of community towards one another to now eerily similar to the stories we heard regularly on the news where we moved from. Your constituents are moving away from La Crosse to the point where a decision is considered to be made to combine schools because the enrollment has dropped dramatically.

You as a committee need to invoke wisdom from on high more than ever. I would implore you to please do not remove this very important part of your meetings.

Sincerely,

Laurie Abeyta

Greetings,

I pray this email finds you all well.

As you are probably aware, I am quite passionate about community. Community is the bedrock of which nurtures positive lives and deeper relationships. It is with a warm heart that I thank you all for taking the time and energy to assist in leading with best intentions and your experience in this community. With that shared, are you aware of the positive power and strong light into which Invocations help to provide positive accountability and a reminder to what the council's responsibilities are and for whom they represent. This includes faith. It may not reflect an individual's faith life or beliefs; however, that reason the for ecumenical and/or interfaith invocations. The listener absorbs the meaning for which it is intended. Removing the invocation projects the desire for not investing in accountability and community foundations.

It is my hope that the invocation remains, if not for the council's individual personal agendas, but for the respect and honor of the community.

Blessings,
Pastor Phil

I understand that the city council has voted to end the invocation (prayer) that has opened council meetings for a number of years. I'm sad that it has come to this.

But I am also aware that for the most part this prayer has been tolerated as not much more than a perfunctory tradition with few council members taking it seriously. I guess it's better to stop pretending that prayer has any meaning to council members than to continue, for most members I would imagine, a meaningless ritual.

May God have mercy on us.

This letter is meant in love and respect for the city of La Crosse, its history and its need for more prayer in these days not less or none. The power of prayer is the most powerful tool we have as humans, brothers and sisters to lift each other up to our Divine Creator for wisdom, protection, peace and provision along with many other issues we may encounter. I realize there are those who may not believe in the power of prayer. I pray for them too. I was one of those for many years. Then, through prayer and prayer alone my very life was drastically saved. Prayer has become the number one tool in my heart since then and it works. Please keep the invocation prayers going prior to council meetings. I ask this in Jesus name

Dear City Council Members & Community Leaders:

I am a homeowner residing in downtown La Crosse, District 6. My partner and I have chosen to make La Crosse our home after both living in much more diverse, inclusive places across the Midwest. We chose La Crosse because of its promising growth, seedlings of innovation, and (hopefully) the ability of longstanding institutions to evolve alongside the community members they serve.

I am so glad to see this resolution come before the council, as this ongoing practice is both embarrassingly antiquated and antithetical to a purported commitment to freedom of religion in public spaces. I want to express strong support for this resolution and gratitude to its author for taking the time to remove this archaic, exclusionary custom.

To be clear, removal of this practice is NOT anti-religious. As someone with deep faith in my people and community, and trust in our shared vision for a better future, I see this move forward as only strengthening protections for religious freedom by ensuring that government is kept out of religious affairs and vice versa.

The ACLU said it best in a classic briefing paper regarding the importance of the separation of church and state as it pertains to public spaces: "*maintaining the boundary between private worship and state endorsement is integral to the concept of religious freedom*" ([1999](#)).

Thank you for your time!

Dear Members of the City Council,

It saddened my heart to hear of your desire to remove the invocation of prayer from before your meetings. Being of service to the people created by God calls forth humility doing good for others not self centered desires.

Pride seeks into our service in many forms.

Greetings City of LaCrosse Council Members,
My name is Bryan McGrath and am a long standing resident of the city of LaCrosse.

I attended the last City council meeting where the topic of continuing to include an invocation prior to meetings was the main topic at hand.

I am in favor of continuing invocations prior to meetings according to the established guidelines. I believe that the continuance of invocations opens the door to wisdom and unity amongst all...as you discuss the complex issues that we face. With the varying opinions when issues come to the table, I truly believe that the invocation jumpstarts better laws in our City to bring about the peace we all want and currently enjoy.

Thank you for all you do.

Dear Members of the La Crosse City Council,

I am writing to respectfully urge you to **retain the opening invocation** that has preceded La Crosse City Council meetings for decades.

The invocation has long been offered by rotating local clergy in a respectful, voluntary, and inclusive manner. It is not coercive, nor does it compel participation. Instead, it serves as a moment of reflection, humility, and unity before you undertake the serious work of governing a city that impacts thousands of lives across our region.

The recent recommendation by the J&A Committee to remove the invocation—made with little notice and limited public awareness—has raised serious concern among many community members, including myself, a business leader in the La Crosse Area. Despite the short timeframe, citizens showed up, spoke respectfully, and made their voices heard. The majority of those who testified and wrote in support keeping the invocation.

For many residents, prayer is not about exclusion or politics—it is about seeking wisdom, accountability, and guidance for leaders making difficult decisions. Our city leaders need prayer. Those struggling in our community need prayer. The invocation harms no one, yet its removal would silence a tradition that has served La Crosse well for generations.

I respectfully ask you to consider the history, intent, and broad community support for this practice and to **vote against removing the invocation** at the upcoming council meeting tomorrow, January 8th.

Thank you for your service to our city and for taking the time to consider the voices of your constituents.

Dear City Leaders,

Please support the proposed ban on religious invocations at city meetings. The religious invocations run counter to everything the Founders of this country fought for.

For example, ten days after becoming the Governor of Virginia in 1779, Thomas Jefferson proposed The Virginia Statute for Religious Freedom. He stated in part "that our civil rights have no dependence on religious opinions."

As members of civil government, you should honor our founding ideals to completely separate civil matters from religious matters.

Greeting City Council members,

I attended the Judiciary and Administration Committee meeting yesterday to voice my support to continue with invocations.

I'm a resident of the city of La Crosse. I also am a chaplain serving our local police departments.

I am in favor of continuing the practice of prayer before common council meetings. There is NO violation of the constitution in this, and this does not put the city in any legal jeopardy.

My understanding is the Wisconsin House of Representative, the Wisconsin State Senate, the US House of Representatives, and the US Senate all open with an invocation and I would encourage we maintain this long standing practice.

The church I attend used to help schedule the invocations and would email the City Clerk's office quarterly the schedule until a few years ago. We are willing to do that again, if that would be helpful.

Thank you for the opportunity to speak last night and for the opportunity to email you all. I appreciate all that you sacrifice here in service to our city!

Good morning,

My name is Jacob Eichers. I am the pastor at Faith Lutheran Church in La Crosse, Wisconsin. It has recently come to my attention that you will be voting on a resolution to discontinue invocations before city council meetings later today.

Unfortunately, I am unable to attend tonight's common council meeting due to me leading a church service at the same time. However, I wanted to express my opposition to this resolution. I believe the invocations before the common council meetings are beneficial to all those who attend.

As a minister who has made it a point to participate in this yearly since I moved to La Crosse in 2018, I would be disappointed if this practice were to discontinue. I believe the invocation can be done in a respectful, ecumenical way that doesn't unduly lengthen the meeting or disparage anyone. The invitation is open to religious leaders of all denominations and religions, and leaders of all faiths are given an opportunity to open the meeting with prayer.

I hope you will reconsider this motion. Whichever way this motion is decided, I will not stop praying for you all in my personal prayers and in our prayers at church, that the Lord Jesus Christ would guide you to lead our city in justice and for the good of all its citizens.

Hello Council Members,

I am writing to you to ask you to keep the invocation as made by a variety of faith leaders as part of the City Council Monthly agenda. It is my hope that this email will be an encouragement even if you choose to do away with this practice.

I want to start by saying that I pray for each member of the La Crosse City Council often. I pray that you and your families are blessed; I pray that you lead this community with integrity and purpose beyond yourselves; I pray that when governance feels heavy that your high calling of government leadership that was placed on you when you were elected is lightened. See, praying for government officials is commanded by my Christian faith. I would pray for those in authority even if it weren't, as I genuinely believe that prayer changes circumstances. I also believe that God will grant wisdom to those who ask for it. While this can be done privately, by allowing an invocation, you are asking for wisdom by proxy. It sets an example to those who attend our gatherings of the way they should respect and pray for those in government as well. It encourages us to care for those with whom we might disagree. When that care through prayer is exemplified and shown publicly it breaks down hatred and helps us realize the truth of being equal. The founding of the Declaration of Independence starts by saying "We hold these truths to be self-evident, that all men are created equal". An invocation calling out to our creator directly aligns with the foundation of why we are here.

I would also like to take a moment to share something I found odd. I called to sign up to do the invocation for 1-8-2026 and was told that no one would be scheduled because of this pending legislation. It gives the appearance that the decision to remove the invocation was made before the legislation was even voted on. While it is my sincere hope that this would never be the case, it seemed prudent to point out how it could potentially appear.

In closing, I offer this prayer: God please bless each and every member of Council. I ask that you bless their families. I know that they do truly want what is the best for La Crosse. Please grant them wisdom and favor. May their minds and hearts be at peace with the decisions made, knowing you can and will work things together toward the good. Thank you Lord for each of these truly wonderful people that are created in Your image.

Many Blessings,

Dear City Council Members,

I heard today that you are voting to cancel the invocation at the beginning of City Council meetings. That it should end, saddens me.

I believe that this short moment is a reminder to all, that government leadership is a high calling with important ramifications. Most decisions made at a state or federal level never appear (even if they do) to affect our every day lives. However, every decision made at the local government level clearly affects the course of our daily lives.

Whether one believes in a Higher Power or not, an invocation is a reminder that the government of our city is called to the highest standard—to do the greatest good. We may not always agree with what that is, but an invocation is a way to remind those present of the values that make our city great—values such as wisdom, justice, cooperation, and the well-being of the community. It also sets a respectful tone, as it encourages a spirit of service and unity among all those present.

Sincerely,

Jen Clemmerson

Dear members of the council

It has come to my attention that you are looking to get rid of invocation before your monthly meetings. I would highly encourage you to reconsider. Look what happened when prayer was taken out of schools or what happened to the democratic party since they took prayer out of their convention. The party is in chaos. If you look in the Bible when the children of God turned away from Him, God did not bless them. I thought you wanted God's help and His blessing at your meetings. Don't rely on your own strength but His. I hope and pray that you keep the people of God to continue praying before your meetings.

Dear La Crosse City Council Members,

I spoke at J&A on Jan. 7, 2026 in favor of ending invocations at City Hall. I let an old hurt in La Crosse I felt 30 years ago, but still fresh to me, drive some of my emotion: a spray-painted swastika on a footbridge in Myrick Park that was apparently ignored by city staff and everyone else, as no one thought to call it in to remove it for about a year until I noticed it was still there.

I want to be a little more personal here and give you a clearer sense of what it feels like to be a person not in the majority in a “captured” audience in order to petition my civic government or have my civic governmental affairs decided. It is a sense of alienation and exclusion. It is a feeling of intrusiveness, with a more dominant religion explaining to me. It is the feeling that I am not protected as a minority member even despite American principles that the minority should be protected against the inherent power of the majority. It is something I cannot just “ignore” if I don’t feel “comfortable with it. It is not ignorable, if I am present in Chambers. I object to being made invisible

I hear this discomfort from other people in La Crosse in minority religions, those who do not have a formal religion, or are part of a faith tradition that simply keeps to itself rather than appear publicly to instruct and lecture on wisdom and offer blessings. This can be for any number of private and valid policy reasons of their own. I know very well from personal experience what it feels like to be public on some issues and to be targeted for expressing my opinion. Usually in fact I say a prayer to myself before I go to the podium – but that’s my choice.

In my faith tradition, we do a beautiful prayer for the government each week from our prayer book. But it isn’t part of our local tradition or policy to stand in city hall to pray directly to its elected officials.

I know that Congress and other legislative bodies may begin with prayer. Courts including the U.S. Supreme Court in many instances allow prayer. But please consider that here on our local level, where we know our people, our neighbors, we try to broadly extend ourselves to make everyone feels included and wanted. We actually have the ability to do that, and it is even in our policy

interests to do so. We want to protect their freedom of religion and of speech, by not bringing into our civic, governmental building that which they may not have a choice about.

I wouldn't dream of being disrespectful by not standing up when prayer is offered.

I also have little doubt that I would be singled out for it.

Allowing "an opportunity" to bring in clergy is hollow. I don't believe the city should be keeping "a data base" on the "authenticity" of a religious organization, and be able to scrutinize it to see if it would "legitimately qualify for Section 501(c)(3) tax-exempt status." I am shocked that the 2009 resolution and Policy and Procedure in 7-9-09 for opening invocations even has that in it. It is not the City's right to essentially judge the worth of another's religious group. It is not right to require "an established presence in the community" before being granted this license. This is not the government's business. It does not serve any policy. It is exclusionary rather than inclusive. It is an unwelcome and excessive interference.

That virtually no faith leaders come to City Council other than Christian clergy clearly shows the failure of the 2009 resolution.

I write to you as a citizen very involved in faith activity under government authority. I served on the La Crosse Jail Ministry Board for over 10 years, including several as President. The difference is that the inmates request to interact with the chaplain, and the chaplain is prepared to help any inmate of any faith, creed, or belief system – without testing its validity.

Exchange of ideas and cooperation, and active fellowship with members of many faith communities in La Crosse has been something I've loved and appreciated most about La Crosse – I deeply value the Iverson Freking Ecumenical Recognition I received in 2017 from Bethany St. Joseph and the Christian Communities of the greater La Crosse area.

Those are spaces I choose to engage in.

Invocation at city hall is not simply old fashioned -- it flies in the face of where we are going in diverse, multicultural, multi-religion La Crosse. Almost all of the many public community events I attend as an active citizen give heartfelt, universal spiritual invocations that do not directly tie to one religion. If they are religious prayers – well, I've usually chosen to be there, and I respect them.

Acts of antisemitism have not disappeared in La Crosse since I saw that swastika in Myrick Park in 1995. Remember too, that La Crosse was once a Sundown City where Black people had virtually no respected space. Remember the local anti-Muslim activity in recent years.

Finally, I ask the question, what governmental purpose is served with prayer to the clergy? How does it fit in with what City Hall must accomplish? Can we make decisions about taxes, the homeless,

liquor licenses, snow removal, etc. without divine intervention directed to our council members for their “benefit and blessings?” What do we gain by keeping it, other than more divisiveness? I believe our conscientious, duly elected city council members, who by and large come from strong faith backgrounds, can rely on their deep, personal value systems to continue their responsibilities and their fine work for us.

The La Crosse County Board eliminated prayer around 20 years ago after debate because of its divisiveness, and we are doing just fine without prayer given to us. (Still the 4th lowest county property tax rate per person in Wisconsin, we’ll often tell ya.)

We’ve gotten so much more aware through the years.

Please, appreciate the full effects on others, on everyone, of prayers at government meetings. Please know how invocations make people feel unwelcome, even though this may be unintentional.

As a wise person willing to listen with their heart and intellect once acknowledged to me, “(Some) may be able to just move through the system with blind spots to other people’s discomfort, but others cannot.”

Thank you for the opportunity to speak to you.

Dear City Council Members,

Please continue the time honored practice of starting your meetings with an invocation. This is a core part of our nation's heritage, reflected at every level of government. The simple acknowledgment of God and our need for his blessings certainly dates from the founding fathers and is far from being an establishment of a state religion. To stop doing would not be progressive, but regressive. Thank you.

Dear council members,

Thank you for your hard work for our beloved City! The thing is no one knows everything. Everyone needs help. We need God's help. Prayer is simply asking for it.

If you don't believe in God, it's not going to harm you to hear the prayer. If you do believe in God and your city is rejecting His help, that's when you feel concerned.

I pray you make wise decisions in the coming years!

Dear City Council Members,

Yesterday I had the opportunity to share my opinion regarding the meeting invocations at City Council meetings and the resolution to end them at the J&A meeting. The following is essentially what I had to say yesterday.

For those of you who do not know me, I am a retired Ophthalmologist who practiced at Mayo Clinic Health System in La Crosse for 26 years and fully retired in 2024.

Thank you in advance for considering my thoughts as you decide the future of invocations.

"I would like to speak in support of the resolution to end the practice of prayer in conjunction with meetings of the City Council.

Personally I fully embrace prayer but that is a personal matter between me and my creator. I do not believe that it is the role of any governmental body to offer a 'rotating clergy' that does not represent faiths that either choose not to participate nor does it represent faiths too small to operate 'congregations' nor does it represent those without faith of any organized religion.

A recent Pew research poll (January, 2024) reported that 28% of Americans are religiously unaffiliated describing themselves as "atheists, agnostics or 'nothing in particular' when asked about their religion. And this is a growing portion of Americans.

Perhaps you think that these Americans are 'wrong'. That a little prayer would be good for them. But that is their business and it is not the role of government to determine which religious faith is 'right' or whether religion is correct at all. This is a private matter in our country.

Furthermore, this avoidance of prayer protects the religious faiths in our community as well.

Do you realize that "religious leaders" must agree, as it says in the third paragraph of the invitation,

"This opportunity is voluntary, and you are free to offer the invocation according to the dictates of your own conscience. To maintain a spirit of respect and ecumenism, the Council requests only that the prayer opportunity not be exploited as an effort to convert others to the particular

faith of the invocation speaker, nor to disparage any faith or belief different than that of the invocation speaker.”

Personally I agree with this sensibility.

But if you are honest about it, you also will see that this requires a ‘watering down’ perhaps of a clergy member’s own beliefs.

This is the effect of government interference with religious practice just in that paragraph.

Religious freedom demands that each individual in America be respected on an equal basis to their own beliefs and practices. That is a good thing.

Mixing the two as this practice allows, fails to equally represent all beliefs or lack thereof and dictates to clergy HOW and WHAT they should say.

I reject this.

In this time of great division, let us not continue a practice that makes some individuals feel better or respected and others to feel left out or disrespected.

Thank you for this time."

I understand that this might be a difficult decision for all of you to make. While it might appear that the Council by removing these clergy-led invocations is taking a stand against religion and thus religious freedom, it is actually quite the opposite. By removing religious invocations, you are respecting every single member of our community at every meeting regardless of their religious faith or lack thereof. By not dictating to clergy members the content and form of their prayers you are also protecting the right of religious faiths to pray without governmental regulation.

Thank you for addressing this matter.

Sincerely,

Robert J. Freedland MD

Dear City Council Members,

We were made aware that there is to be a vote regarding whether the invocation prior to meetings should be eliminated. We are emailing to state our support of keeping the invocation. Prayer has been a part of our nation from its founding and was fundamental in the creation and development of our constitution and its laws. We believe one must always seek God's wisdom in the peaceful and righteous ways to run every facet of our government: city; county; state; federal. Polls show the majority of Americans agree, at 80-85% choosing to connect with a higher authority in seeking counsel and guidance when making decisions. Removing this opportunity to humble ourselves and ask for discernment and wisdom prior to making decisions for our people and city would be opening a window to pride, which we all easily fall prey to as humans.

We greatly appreciate your time. Thank you for hearing our voices.

Hello,

I am contacting you to provide my input on prayer and other invocations in council meetings. It is my thought that all conversations can be had without a need for religious context. Removing such invocations will encourage members to voice their opinion without religious pretext and being subject to religious scrutiny. I am in full support of the removal of invocations/prayer during council meetings and gatherings.

Thanks

Dear Council members,

We have learned more about the effort to remove prayer from the opening of your meetings. We stand firm that it is in everyone's best interest to continue with this standard since LaCrosse is a wonderful place and with God's help we will continue to experience blessing and success in our endeavors. God is the Living God and all power is ultimately in His hands, so it would be wise to affirm His authority and ask His involvement in the days ahead.

Prayer for guidance in the governance of our city, county, state, and nation is critical in order to get direction for fairness for the people and wisdom for fiscal planning as well as to expose the truth among so many opinions that are heard and presented at the meetings. As you seek to do your very best in a challenging role, let God come in and guide you by opening in prayer.

Good Morning,

I am a student and resident of Lacrosse and I would like to express that I appreciate the invocation before meetings. I think that it is an acknowledgment of the higher power above us and the government can often forget that God is above it.

I would really like it if the city council kept the invocation as a reminder to the leaders of our city that they do not have ultimate authority and they will answer to God for their actions.

I also have a hard time believing that the city will become a better place (which is the point of a city council) if we were to remove the invocation.

Thank you for reading my concerns.

Hi council members,

I support removing the invocation from government meetings. I am so happy Councilmember Mindel has brought this resolution forward. When I attended my first Common Council meeting as a new La Crosse resident several years ago, I was shocked by the invocation. I felt isolated and looked around wondering if anyone else thought the same.

There is a lot of creativity, passion, and brilliance in our community, and we can come together to create a more inclusive and thoughtful message to kick off public meetings. We can do this without invoking God or aligning ourselves with a single faith tradition.

Let's protect religious freedom and honor the diversity of experiences and identities of all La Crosse citizens, not just the ones who believe their Christian heritage is the only one worth protecting.

Thank you for your consideration,

Good Morning,
I thought about this for a while. My apologies for this late email. The more I thought about it, in this time when we continue to have great divides across the country. I can't help but think seeking grace and kindness at the beginning of your meetings is a bad thing. You have allowed diversity in who delivers this message, again to me, bringing more unity than it does division. I hope your decision will be made with the intention of bringing more grace and kindness to our community as a whole. Regardless of who you are or how you worship. (*This is a personal opinion from a constituent.)
Just a few thoughts.
Best Regards, Elaine

Good Morning City of La Crosse City Council,

I hope you are enjoying your morning.

I live at 1508 Adams Street.

I write today because of Resolution 25-1370.

To end the invocation, the prayer, before the City Council meetings is a massive mistake. Our leaders need the wisdom and strength of the Holy Spirit to make just and ethical decisions. Prayer grounds and centers the human person; prayer invokes a power greater than the human world gives, and prayer is a mediation necessary to settle us - putting us in a proper frame of mind.

I respectfully request that you do NOT pass Resolution 25-1370.

Thank you.

Jesus is Our Hope!

Dear City Council members,

I am writing to show my support for the removal of the invocation at the beginning of city council meetings.

I deeply believe in the separation of church and state and that our governments should not be favoring one religion over another. If the council wants to do some sort of invocation, please do one that is secular and respects all values and beliefs in the city, not just one.

By choosing to use one religion before a meeting for a city that is made up of many different religions, traditions and cultural backgrounds, we are prioritizing the beliefs of some community members over others and I want all people to feel welcome in our city and like their local government represents them.

I love this community and the love we have for our neighbors. Let's show love for all of our different neighbors and not just those that follow one specific religion.

Respectfully,

Issue:

Un-churched people feel uncomfortable when they are present prior to the business of a La Crosse City Council meeting.

Solution:

People who are uncomfortable hearing prayer should be encouraged to stay in the lobby until after the Pledge of Allegiance and the opening Prayer!

Post Signs at the Council Chambers entrance warning a person will experience those who believe in a higher power more than themselves may express that humility if entering the Chambers too early.

PLEASE continue invocations at Council Meetings.

There should always be a few minutes available for the council to turn their thoughts to peace and goodness before diving into debate.

I am surprised that the council has found this topic deserving of its consideration.

Greetings dear council members,
my name is Mario Hristov. I am on the Pastoral team at Adoration Church in La Crosse. I have had the privilege to serve food and minister to the homeless in La Crosse, alongside with "New Beginnings Christian Fellowship", First Free Church and others. In Addition, I was invited to be part of the Neighbor to Neighbor as well. I am emailing you very concerned that there is a consideration to remove prayer before the council meetings. I want to voice mine and the concerns and disapproval of our church that such a proposal may be voted in favor of removing prayer from the council meetings. Prayer is a long standing tradition in our town, as well as a practice in the 250 history of our Nation. I heard the concerns of those opposed to prayer and I felt that there was a growing incorrect idea that somehow prayer in the public sphere is an establishment of a religion. As you yourselves know, dear council members, that is not the case. Clergy of faiths have always been invited to lead prayer before the meetings, thus making the arguments of establishing a religion a mute point! I do understand that a very few, and yes it is a very few, may feel uncomfortable with prayer. However no one is forced or compelled to pray during this time. It seems to me that the council members are willing to accomodate an extremely small minority of a few and neglect the desires and beliefs of a huge majority by removing prayer! We all, as adults, are often offended by something or someone wouldn't you agree? If we try to accommodate every offence, every feeling of discomfort, where will that lead us? Wouldn't you dear council members offend or hurt the feelings of many more people by removing prayer before the meetings? I would like to encourage you and to humbly ask that the council member rethink this decision and vote for prayer to remain as the proper and much needed practice before meetings. We desperately need God's wisdom and help! In prayer we ask the Lord to bless our city ... don't you desire God's abundant blessings upon the city of La Crosse?

I would also end with this. The local churches have been invited and asked to join with our resources, people and with our precious time to help with the homeless crisis. How are we going to be able to help when it seems like our God is no longer welcome in our city? I would like to ask, would you still feel comfortable to ask the local churches to help if you kick God out of town hall? I am not trying to be rude or hurtful but this question must be asked! Jesus says in John 15:5 "...apart from Me you can do NOTHING" so I am asking you dear council members how are you expecting us to help with the homeless crisis when it seems to me God is no longer welcome? Again ... without God we cannot do anything! You ask us to link hands with you to address the homeless crisis and yet it seems to us that you want to unlink our hands from prayer!?! I hope and pray that you vote to keep prayer before council meetings and thus communicate to our Lord and God that He is still welcome!

I hope and pray that you vote to keep prayer before council meetings and thus communicate to our Lord and God that He is still welcome!

Blessings - Pastor Mario Hristov

Dear members of the City Council,

My name is Ariana Weaver and I am resident of La Crosse and a recent graduate from Western Technical College. I implore you to vote to keep praying before city council meetings. The nations pledge of allegiance states that we are one nation under God, and to no longer pray before meetings would be to say that we do not care what God says or that he has more power than us. Romans 1:18-32 clearly lays out what happens when we choose to deny God, which I can see happening in our nation, La crosse does not have to follow this path. We always have the option to turn back to God and humble ourselves before Him, please choose to continue doing in a small way by praying before council meetings.

Thank you for assisting in leading our City,
Ariana Weaver

Hello,

I'm emailing you with a concern I have about you wanting to get rid of praying before the city council meetings. I believe that we as a nation, have the right and privilege to ask God's guidance on all we do as a city, state and nation. I'm wondering why you would even think of doing away with praying. This is deeply disturbing to me and I'm asking that you please keep praying before each and every meeting the city has.

Thanks so much!

To whom it may concern

La Crosse is the county seat and the invocation is for the county courthouse, the inmates in jail, and the commerce. Please, let them continue.

It is easy for some to write it off or to let it become a part of a background noise, but for many the impact and meaning is deep. Please keep the invocation.

Can we stick with the separation of church and state please? I know this was optional anyway, the invocation but the separation of church and state part isn't. I'm not against religion but it just doesn't have a place even in our local politics beyond giving people the freedom to practice as they wish while not harming others.

Having it be framed as a way to guide politics as I've seen the email sent by another in the community has done, is damaging and frankly insulting to the intelligence of the population.

We need factual information to drive our decisions even on a local level. In these trying times especially.

Hello!

I am a resident, mother, healthcare practitioner, and small business owner in La Crosse writing in support of removing the invocation at the beginning of our city's council meetings. This is a clear violation of church vs state as defined in the Bill of Rights. I sincerely support all faiths, religions, and spiritual paths. We should celebrate and promote religious freedom in our city government by letting people practice freely as they choose, not having it written in our municipal code to do so inappropriately at our government meetings. That is the opposite of freedom! I look forward to the council removing this to focus on your important work and hope you all have a lovely day.

Thank you!

Greetings Council Members,

I urge you to keep the invocation b4 monthly meetings.

Buddha was not a Buddhist. Jesus was not a Christian. They were teachers who taught love, wisdom, and harmony with all of life.. Love was their true religion: beyond labels, borders or beliefs. In the end, the greatest gift of faith is not a book or a temple, but in how deeply we choose to love while we are here. Freedom of religion in is guaranteed in our Constitution, it's what people fought and died for to create this country. Is our country perfect, nope. Did our government break every treaty ever signed with the Native Peoples here, yup. But to not acknowledge or give space for the Creator before making decisions seems wrong on so many levels.

The other very concerning aspect is most people believe in a faith or Higher Power. Do most people even know you are about to do this???? Most ppl don't know and I think would truly find this very upsetting. Most people do not watch the news or get the LaX Tribune, so again, please be very aware that you are representing ALL the ppl of La Crosse. Given that fact alone I think you must acknowledge most people want to keep this invocation and I think it would be best to vote accordingly.

All the best in the New Year,
Heidi Worminghaus

Good Morning,

I'm a LaCrosse county resident and I believe the institution of prayer is important for our nation. This nation was founded on Christian principles, no matter your background Americas founding fathers kept God at the forefront of their endeavors, I think honoring that keeps our nation on the right track. This may seem small in the grand scheme of things but many small changes add up to a big falling away down the road. I don't think we should abandon our history just because some people may be uncomfortable. You can not agree with something but still respect it, I ask that we respect our nations history that God reigns Supreme and we need his presence in our nation now more than ever. Jesus is coming back and I want LaCrosse to have remained faithful.

Hello, I have been a resident of La Crosse for almost a decade and I fully support the removal of a prayer invocation for any and all city council activities. Religion has no place in government. People can pray however they want to in their own home or place of worship, or even meet in public places to practice their faith. Religion should not be endorsed in any way shape or form in any official capacity by this city council or any government organization. State and Church should be completely separate. I and many other community members feel very strongly about this.

The prayer invocation should be removed completely.

Respectfully,

Carter Wiedenhoeft

Good Afternoon Council Members:

Mary LaMothe

January 08, 2026
La Crosse City Council

Dear Council Members:

La Crosse and area communities have a long standing tradition of saying prayers before many meetings. I strongly disapprove of your wanting to stop the practice of prayer before the City or County meetings. Let's take a look at why I see this attempt as a non-starter:

In La Crosse there are between 100-150 churches. That indicates the community is largely religious.

Again, pointing to the conclusion that the community is largely religious, there are around 13 private schools in the city, with a significant portion (62%) being religiously affiliated.

In La Crosse, church membership, using 2020 data, reflects over 20,000 Catholics, over 10,000 ELCA Lutherans, almost 8,000 WI Synod Lutherans and smaller members for other Protestant groups.

These numbers reflect a clear majority (62%) of people in La Crosse who belong to organized religions and who most likely pray. 38% do not affiliate with any specific religion, although they may well indeed, pray.

The La Crosse City Council is composed of roughly 8 people, that are supposedly representing roughly 52,680 community members. As I stated above, 62% of the people are church affiliated, which means they most likely pray or believe in prayer, yet the City Council is indicating that the larger group doesn't want to support prayer before a meeting where their interests are being represented. The Council's logic/decision does not fit the people's narrative. From my viewpoint, the people are not being represented and they are not being heard or are being ignored.

The Council needs to leave the tradition of prayer in place and instead, focus on the real issues the City/County have in front of them. This is clearly a majority rule...the Community knows what it takes to represent them. The Community has spoken....now REPRESENT the Community, and set your personal biases aside.

Resolution requesting that the Wisconsin Department of Transportation develop additional project alternatives for the Highway 53 Corridor Study that maintain on-street parking and add bicycle facilities.

RESOLUTION

WHEREAS, the Wisconsin Department of Transportation (WisDOT) is advancing the Highway 53 Corridor Study within the jurisdiction of the City of La Crosse, from King Street to La Crosse Street; and

WHEREAS, the corridor affected by the Highway 53 Corridor Study serves local businesses, residents, and visitors, and on-street parking is an important component of access, economic vitality, and neighborhood livability; and

WHEREAS, safe and convenient bicycle facilities are essential to providing transportation choices, improving safety for all roadway users, and advancing local and state goals related to sustainability, public health, and multimodal transportation; and

WHEREAS, maintaining on-street parking while adding bicycle accommodations can support complete streets principles by balancing the needs of motorists, bicyclists, pedestrians, residents, and businesses; and

WHEREAS, the Common Council desires to ensure that the Highway 53 Corridor Study reflects community priorities and considers design alternatives that minimize negative impacts while enhancing safety and accessibility; and

WHEREAS, additional design alternatives may exist that preserve on-street parking and incorporate dedicated or protected bicycle facilities without compromising the overall function and safety of the roadway;

NOW, THEREFORE, BE IT RESOLVED by the Common Council of the City of La Crosse that WisDOT is hereby respectfully requested to develop and evaluate additional project alternatives for the Highway 53 Corridor Study that:

1. Maintain existing on-street parking to the greatest extent practicable; and
2. Add safe, clearly defined bicycle facilities, such as buffered or protected bike lanes, shared-use paths, or other context-appropriate bicycle accommodations; and
3. Are consistent with complete streets principles and responsive to local land use, business access, and neighborhood character.

BE IT FURTHER RESOLVED that the Common Council requests the opportunity to review and provide input on such additional alternatives prior to the selection of a preferred alternative for the Highway 53 Corridor Study.

BE IT FURTHER RESOLVED that a copy of this resolution be transmitted to WisDOT and to other appropriate state and regional transportation officials.

*** **CAUTION:** This email originated from an external sender. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe. ***

Council Members,

I am writing to express my support for the resolution requesting WisDOT to develop and evaluate additional design alternatives for the Highway 53 Corridor Study.

I think there is a shared understanding that this is a big project, an important one, and one we want to get right. I love our downtown and I want what is best for it long term. I view the addition of protected bicycle facilities as a boost to downtown. This approach has been studied and implemented in other communities, where it has often contributed positively to safety, access, and economic activity.

At the same time, I also advocate for thoughtful and sound practices around parking, including recognizing its true environmental, social and fiscal costs and right sizing it. These conversations are not simple, and I appreciate that many people are sincerely trying to find balance and can see the nuance in it.

Because of that, I support this resolution as written. I have encouraged compromise in this discussion. Early on I was interested in Alternative 2A, and I have even sketched out my own ideas for how this corridor could better balance competing needs. What this resolution does, in my view, is create space for WisDOT to dig deeper and see whether there is another solution that better balances the competing desires for parking, safety, access, and long term goals for the corridor.

At best, this process yields a compromise alternative that meaningfully responds to the concerns raised by different stakeholders. At worst, it confirms that the current options are the best available. Either way, that information is valuable, and it comes at no cost to the City.

I see no downside to asking WisDOT to explore whether something better is out there. If there is, that would be a win for the community. For that reason, I encourage you to vote in favor of the resolution.

Thank you for your time and for your work on this important issue.

Sincerely,
Andrew Ericson

Part of the SW 1/4 of the NE 1/4 of Section 20, Township 16 North, Range 7 West, City of La Crosse, La Crosse County, Wisconsin, described as follows: Beginning 132 feet South of the Southeast corner of Lot 6 in Block 24 of Losey's Addition to the City of La Crosse; thence North 50 feet; thence West 140 feet; thence South 50 feet; thence East 140 feet to the point of beginning, also known as Lot 3 in Block 1 of Gordon's Addition to the City of La Crosse (unrecorded).

Dear Members of the Zoning Committee,

I am writing to respectfully request that the property located at 1701 Onalaska Ave be permitted to operate as a triplex.

Many years ago, this property was originally zoned and used as a triplex. At some point, a previous owner undertook renovations that extended for more than a year, which resulted in the zoning designation reverting back to a duplex. Despite that change, the building has continued to function as a triplex for multiple years and has changed ownership several times in that same configuration.

Earlier this year, we were contacted by the Building Inspections Department and informed that an order to correct the zoning had been issued to a prior owner. Unfortunately, that correction was never completed. The property was subsequently sold to the current owner as a triplex, and the current owner would like to be in full compliance with city requirements.

Allowing this property to be formally recognized as a triplex will not require any new construction, structural changes, or disruptions to the surrounding neighborhood. It has operated in its current form for many years without issue, and approving this request will support the opportunity for a family to live in a great neighborhood.

We appreciate your time and consideration of this request and welcome any questions or guidance you may have as we work toward compliance.

Sincerely,

Suzanne Rauterkus

Agenda Item 25-1405 (Jenna Dinkel)

AN ORDINANCE to amend Subsection 115-110 of the Code of Ordinances of the City of La Crosse by transferring certain property from the Residence District to the Special Residence District, allowing for the property at 1701 Onalaska Ave. & 1509 Rublee St. to return to use as a triplex.

General Location

Council District 2, Logan Northside Neighborhood Association. Located on Rublee Street between Onalaska Avenue and Prospect Street as depicted on attached Map PC25-1405. The property is surrounded by R2 – Residence District and R1 – Single Family District.

Background Information

The applicant is requesting a rezoning from R2 – Residence District to R3 – Special Residence District to bring the zoning into conformance with the current layout of the residence. The applicant states that this property functioned as a legal non-conforming triplex until a past owner let the units sit vacant for more than a year when they conducted renovations and it lost legal non-conforming status. The Assessor's Department confirmed the property has been three units in their records dating back to as early as 1956. The owner has provided layouts for the upper and two lower apartments. The new owner has submitted a request for rezoning to bring it into compliance as a triplex.

Recommendation of Other Boards and Commissions

N/A

Consistency with Adopted Comprehensive Plan

This property is in the Logan Northside Neighborhood Association, which categorizes low-density residential as desirable. Low-density residential includes one-, two-, and three-unit structures. The Comprehensive plan places an emphasis on low-density being walkable and interconnected in addition to being developed to accommodate a range of socio-economic factors. Due to this parcel meeting these factors, the rezoning is consistent with the Comprehensive Plan.

The components of the abatement plan included the following requirements:

- Check ID of those who appear 30 years of age or younger.
- Verification of two forms of identification for entry
- Immediate contact with law enforcement regarding suspicious activity
- Submission of a monthly customer log

Follow-Up Actions:

- *25-44736 – Trouble with Party:* On October 1st, Tequila's employees contacted law enforcement to report suspected underage individuals attempting to gain entry. Three underage individuals (ages 17–20) were issued citations for possession of false identification.
- *25-50173 – Bar Check:* On November 4th, officers conducted a bar check and found no violations.
- *25-54331 – Bar Check:* On December 4th, officers conducted a bar check in partnership with the Department of Revenue – Division of Alcohol Beverages. Several violations were identified. Education was provided regarding the violations; no enforcement action was taken.

Miscellaneous:

Tequila's did not submit customer logs which was agreed upon for their abatement plan for the months of October, November, and December until requested by law enforcement. When asked why they stated they did not have copies of the log which was furnished to them at the abatement meeting. Copies were provided and reports were submitted late.

Compliance Checks

During this quarter, the La Crosse Police Department continued promoting responsible alcohol sales, purchases, and consumption within the community. Recognizing the impact alcohol-related issues have on public safety, the department prioritized education,

enforcement, and community engagement. In partnership with the Department of Revenue – Division of Alcohol Beverages, compliance checks were conducted at both Class A and Class B licensed establishments.

- **Total Compliance Checks:** 33 (October 1st – December 31st)
- **Failures:** Each establishment had one or more failures; most were addressed through education and corrective guidance.

Notable Violations:

- Cheap Andy's: No licensed bartender or agent was present at the time of inspection. A citation was issued for failure to have a licensed bartender (Ordinance 4-110).
- Citgo – State Road: Multiple violations were identified. While some items located were legal, they raised significant concerns:
 - Sale of glass pipes
 - Sale of Nitrous Oxide containers (“whippets”) in multiple sizes
 - Sale of mushroom products, THC Delta-8, and THC-A products
- **Total Bar Checks:** 88 bar checks conducted between October 1st and December 31st.

Education and Outreach

- **Alcohol Compliance Training:** Four officers received training through the Department of Revenue – Division of Alcohol Beverages to assist with future compliance checks in 2026.

Enforcement

Comparative Analysis:

- Enforcement activity increased compared to the same quarter of the previous license year.
- **Bar Checks:**
 - 2024: 73
 - 2025: 88
 - Approximate 20% increase year to year (includes compliance checks)

Citations Issued: 23

Observations:

Enforcement actions involving licensed establishments continue to increase, with a sustained focus on compliance, education, and corrective measures.

Concerning Establishment

Citgo

Over the past year, the La Crosse Police Department has received Crime Stoppers tips indicating that underage individuals know Citgo as a known location for purchasing alcohol and other concerning items. In September, Citgo failed a compliance check after selling alcohol to a minor and was cited for Ordinance 4-6.

During the most recent compliance check, Citgo was also found to be in violation of invoice maintenance requirements and was educated on proper record-keeping practices. In addition, several concerning items were located within the establishment.

Legal Items (Concerning):

- Numerous glass pipes. While legal to possess, these items are commonly used by individuals to consume illegal substances.
- Several large (2KG) “Exotic Whip” Nitrous Oxide containers, along with thousands of single-use flavored Nitrous Oxide containers. These items are commonly referred to as “whippets” and are frequently used to “huff” in order to experience a psychoactive effect.
- A variety of mushroom products and THC Delta-8 or THC-A products. These items are currently legal and synthetically produced to provide effects similar to illegal substances, such as THC Delta-9.

Illegal Items:

- 175 Malegra 200mg tablets (Sildenafil/generic Viagra), a prescription-only medication in the United States. These tablets were located beneath the counter, seized by officers, and the cashier admitted they were being sold for \$7 per tablet. A report was completed and forwarded to the District Attorney's Office for review.

Follow-Up Actions:

- After speaking with the District Attorney further investigation will be conducted to determine if the owner of Citgo knowingly knew the prescription was only available by prescription to determine if criminal charges will be filed.
- Provide formal written notice to the license holder documenting identified violations, compliance concerns, and expectations for corrective action.
- Coordinate with the Cigarette, Tobacco, and Vape Agent and the appropriate licensing agent to review potential violations and assess the sale of legal but high-risk items.
- Conduct additional compliance checks during the next quarter to monitor corrective actions and ongoing compliance.
- On going communication with the City Attorney's and City Clerk's Offices.

Summary

Throughout this reporting period, the La Crosse Police Department continued to carry out alcohol compliance and enforcement initiatives in furtherance of public safety and regulatory accountability. Through increased inspections, targeted enforcement actions, and coordination with our state partners, compliance concerns were identified and addressed, and establishments requiring continued oversight were documented. These efforts will remain ongoing in the upcoming quarter, with continued emphasis on preventing underage access and mitigating alcohol-related impacts within the community.
