Mayor Tim Kabat

City of La Crosse

400 La Crosse Street

La Crosse, WI 54601

Mayor Kabat,

Attached is photographic evidence of a bike rack well past its life expectancy. The Beer By Bike Brigade and Blue Steel Bike are proposing a replacement rack to be installed this fall. Cost of rack is paid for by two members of the BBBB's sister group, The League of the Ridiculous.

In order for a new rack to be installed, the existing cement slab with current rack residing atop of it need to be removed. A new pad needs to be poured to render the surface suitable for installation.

We are seeking three items:

1. City pays for removal of rack & damaged cement structure.

2. City to pour new concrete.

3. City to accept the \$1,000 bike rack donation on the Public Library premise, North side branch.

Should you see fit, we'd love to join you on Monday, October 9, 2017 where we can answer any and all questions you may have.

Thank you for all you do.

M.
