We are writing this letter to express our opposition to making the West side of Sunset Lane no parking. We feel it is unreasonable to have the entire 2200 block of Sunset Lane as no parking. We would be in support of having the East side of the street as no parking.

We were approached by Lee Anderson at our office last week with the attached letter stating that he had the support of 90% of the residents to have both sides of the street no parking. The letter seemed suspicious as the "east" and "both" directions were circled. It appears to me that he received the signatures for the East side of the street and then circled Both and made a photocopy. I addressed this concern to Mr. Anderson, and he advised me that our signature was not needed to move forward with no parking as he had all the signatures that he needed.

We, as the majority owner of the west side of the 2200 block, do not support no parking on both sides of the street on Sunset Lane. We would like to be notified of any hearings referring to this topic.

Sincerely,

Alan Iverson, Broker/Owner

Amber Iverson, Broker/Owner

This letter is to inform you that we are not in favor of the no parking ban being possibly planned for the west side of Sunset Lane. We understand that it has already been approved for the east side, although, we definitely oppose it. To further restrict parking on Sunset Lane would be a mistake, and it is not necessary! Although we understand that parking is more difficult on the south end of the street due to renters, it has had no effect on our end, and we feel we should not be punished as a result.

Please do not allow this to occur! We join our neighbors in opposing this.

Thank you for your consideration,

Jim and Pam McDonald

The residents of Sunset Ln are writing this letter in collaboration to express our opposition of the proposed petition to make the west side of Sunset Ln no parking. While many of us were supportive and signed the petition of our neighbor down the road to make the east side of Sunset Ln no parking, we as a whole agree that no parking at all on Sunset Ln from the 2000s all the way to the 2200 addresses is unnecessary and unreasonable.

The petition to change the east side to no parking stemmed from the petitioner's dissatisfaction of renters parking on the edge of his front yard. While we were willing to support him in making changes to the east side of the road, we are not willing to give up all street parking in it's entirety for the majority of Sunset Ln. We believe this is a very unreasonable request that does not offer any substantial benefits to Sunset Ln.

The petitioner claimed it was hard for him to drive down Sunset Ln in his large truck with vehicles parked on both sides of the road. That issue has been resolved by making the east side no parking. The petitioner was unsatisfied with renters parking in front of his house. That issue has also been resolved by no east side parking. To further say that the residents of Sunset Ln should forfeit all street parking on both sides of the road is unwarranted, unreasonable, and unnecessary. We need to keep the west side of street parking available for ourselves, our families, and our guests.

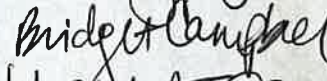

Below are the signatures and addresses of the residents of our neighborhood who are strongly opposed to making the west side of Sunset Ln no parking. Thank you for hearing us and taking our needs into consideration.

Sincerely,

Stacey + Cody Sagler 2228 Sunset Ln

Bridget + Austyn Campbell 2212 Sunset Ln.

Haley Ondell 2240 Sunset Ln.

It was also brought to our attention that the petitioner changed the original signed petition to include both sides of the road after we had already only signed for the east side no parking only.
