Terri:
Thanks for the heads up. I believe it should be reconsidered. Thank you for catching this! CM Cherf

In preparing the file for recording at the Register of Deeds, I noticed City Plan Commission's recommendation was to approve "with reserved easements for snow storage, pedestrian easements and all utility easements." When it went to F&P, the motion was to approve. The resolution that council ultimately approved was the original resolution as drafted for a "reservation for public and private utilities," without reference to snow storage and pedestrian easements.

I discussed this with Larry and Randy, and it may be something that should be reconsidered and amended at the January meeting. Randy said he is the one who wanted the amendment and if you have questions, you should call him.

If you are interested in reconsidering this item, please reply and I will make sure it gets on the Council agenda in January.
