Dear City Clerk Elsen and Council President Kahlow:

I would like to write a quick message in support of the new camping ordinance being discussed by our city government.

I hope the City Council can pass the legislation and start enforcing stronger restrictions on the growing mental health and addiction problem we have in our city, especially downtown.

Please pass the camping ordinance and give our law enforcement the tools to improve our city. We all have a higher expectation than what we currently experience in our downtown alleys, ramps and parks.

Thank you for your time and commitment to making La Crosse a better place for all of us.
