Look you are making the news. Aren't you so proud of what you stand for, abusing children, violating the constitution that gives every American the rights of freedom of speech and freedom of religion. There is no doubt of who your serve. It is not the God above or the people of this community.

I am disgusted. Just when I think things could not get any worse, I have this crap in my back yard. Disgusted.

How in the world do people like you get in any position of authority. How awful,

Greetings Mayor Reynolds,

I just CC you on an E mail that I sent to Chris Kahlow. I do not ever want anything like that to happen again which I stated in my E mail to her. I am quite disgusted with what has just happened with regard to the conversion therapy ordinance. The rights of American's are being eroded away bit by bit and I have never been more concerned about the future of this country then I am right now. I will not shut up and I will not sit down, when I see wrong I will speak out and I am so sorry if Ms. Kahlow thinks that is inappropriate. It is part of her job. I think your decision on this ordinance is inappropriate. I think her response was inappropriate. If you are going to work as a public servant then serve the people. That means listening to everyone and being a leader.

Thank you!
