Airport Director
La Crosse Regional Airport
2850 Airport Drive
La Crosse, WI 54603

Re: Assignment of Concession Agreement and Building and Land Lease

Dear Mr. Torp:

Midwestern Wheels, Inc. is currently in the final stage of negotiations to transfer/assign the Concession Agreement and Building and Land Lease, with you, to Avis Budget Car Rental, LLC. They are, of course, our current Licensor and operate at over 175 airports throughout the United States.

The parties recognize the need to obtain the consent of the airport to this proposed transfer, which is the purpose of this letter. In an effort to simplify this for you we are enclosing drafts of a proposed Consent to Assignment and Assignment and Assumption with this letter. These are simply suggestions and we will of course follow whatever process you require.

I and Mr. Bob Bouta, SVP from the Avis/Budget acquisition team are available to discuss these drafts or any part of the process at your convenience. We await your reply, time is of the essence as our closing date is June 20, 2018.

Sincerely,
MIDWESTERN WHEELS, INC.
