

Dear City Council Members,

I am writing to request a "Class B" beer and liquor license for The Root Note LLC. The Root Note is a café, bar, and music venue located on south 4th street in downtown La Crosse. Currently The Root Note is operating, and holds a "Class B" license under the business entity ABCCCDE LLC. I am in the process of closing the current entity, ABCCCDE LLC, due to membership changes. Previously, this entity was operating under a partnership. Going forward as The Root Note LLC, I will be operating as a sole proprietor. Therefore I have been advised to restructure the business to reflect this change.

The sale of beer, wine, and spirits accounts for 19 percent of the total goods sold at The Root Note. I do not see a major change in the projection of alcohol sales, as I am planning to remain operationally the same as the ABCCCDE LLC, under the new LLC.

Thank you for your consideration,  
Corrie Brekke
