Project Description: The proposed project will create 51 affordable units, financed with Low Income Housing Tax Credits (LIHTC), and 13 market-rate units. 13 of the units will be available to individuals experiencing homelessness. The project will provide supportive services and partner with the Coulee Continuum of Care (CoC) for tenant selection.

Project Timeline:

WHEDA tax credit application deadline - January 2023
WHEDA tax credit awards - summer of 2023
Project Closing Date – July 2024

Staff's Recommendation: Extend the approval of \$1,000,000 Affordable Housing Revolving Loan Fund and project closing date per project timeline above.

Resolution to add ARPA funding to the Affordable Housing Revolving Loan Program

Location, if applicable

Summary/Purpose

City council approved resolution 22-0259 to commit \$1,025,000 to expand the Affordable Housing Revolving Loan Program to incentivize both new construction and rehabilitation of affordable rental units. This resolution includes the approval of the implementation policy.

Background

The city created the Affordable Housing Revolving Loan Program with as TIF 6 was ending. This policy provides developers with resources targeted to primarily developing or improving affordable housing, but also market rate housing. This policy has been amended to include additional funds from ARPA. The ARPA portion of assistance would be granted to the developer while the CDBG and/or TIF source funds would be a loan. This assists developers with gap financing because when affordable units are created the developer cannot charge more than 30% of tenants income for rent. Developers that are targeting units to lower incomes struggle to cash flow projects due to lower rents. These funds will assist financing these types of projects.

Fiscal Impact

\$1,025,000 - Currently allocated to this program from Resolution 22-0259

Staff Recommendation

Staff recommend approval of this resolution. These policy changes incorporate the ARPA funding as directed by Council in resolution 22-0259.

Section 1. Introduction

1.1 Purpose

The purpose of the Affordable Housing Revolving Loan Fund (“the Fund”) is to assist developers in addressing the lack of quality and affordable housing stock available in La Crosse, especially for its lowest income citizens through incentivizing the construction of new multi-family units by non-profit or for-profit developers.

The Fund intends to revitalize distressed areas of the city through criteria that provides additional points to projects that redevelop in priority areas of the city, eliminate blight, or redevelop historic buildings. The Fund will prioritize projects that subsidize units and have units set-aside for people transitioning out of homelessness.

The Fund will promote racial equity and the City’s *Analysis of Impediments to Fair Housing* by ensuring that the funded projects include an affirmative marketing plan that identifies specific steps to reach out to historically marginalized that likely would not otherwise be aware of the housing opportunities.

1.2 Background

The City of La Crosse’s Affordable Housing Fund was established by the Common Council of the City of La Crosse in February 2021 under Legislation 21-0072 and expanded with the use of funds from the American Rescue Plan Act (ARPA) under Legislation 22-0259 in March 2022. All projects will be reviewed for approval by the Community Development Committee (CDC).

Location, if applicable

Summary/Purpose

To complete construction of 3 homes within the city, in partnership with Western Technical College, for the Replacement Housing Program.

Background

The City has been utilizing funds from U.S. HUD to acquire dilapidated properties and rebuild new housing with Western Technical College and Central High School since 1996. The City has seen a decrease in federal funding of the HOME program by half due to federal funding cuts and increase in number of entitlement communities. At the same time we have seen a dramatic increase in the cost of materials. The City currently has 3 homes under construction and a funding gap exists to complete these projects to bring them to the market for sale.

Fiscal Impact

170,000

Staff Recommendation

Staff recommend approval of the resolution to complete these projects in 2023. These homes can not be sold as is because they are incomplete. It is critical the program completes them for affordable housing to households within the city, increase the tax base and provides learning opportunities with our educational partners.
