Hi Chris -

Just saw a post on the Nextdoor page about the proposal regarding the change of zoning for the King street apartments, and it said to contact you with comments.

I think you already know my view, but will summarize it here:

I oppose changing the ordinance to allow this apartment complex. It does not fit with our neighborhood comprehensive plan which is designed for family homes; and the building design is too tall for our neighborhood - a 4 story building has no place in our neighborhood. Seems like Larry (I think that was his name, the previous city planner) had mentioned the intent for high rise and/or college apartment buildings was to be north of Main Street. South of main street was meant for more 1-2-3 story homes.

Thank you for representing us.

Kindly,

Kristen
