What are we doing to manage our health?

Quality of Health Care

Many national and regional organizations measure the quality of our health care. Minnesota and Wisconsin have consistently ranked very high in most of these measurements. In 2013, according to the Agency for Healthcare Research and Quality (AHRQ), Minnesota ranked first nationally, while Wisconsin ranked third in 2013. Wisconsin did especially well, ranking in the top 10% of states, for several measures, including adults age 40 years and older with diabetes who received at least two hemoglobin A1c measures in a calendar year, hospital heart attack patients who received angioplasty within 90 minutes of arrival, and hospice
