Hello La Crosse council members,

I am sure you have been hearing from a lot of residents about the disapproval of your newest homeless shelter. Myself and thousands of others call the far south side home. We have chosen to live on the far south side to be away from exactly what you're trying to bring near us.

You are choosing a location that is miles from any resources these individuals may need. Those resources are located near downtown and Mayo Clinic. Why are you choosing a location near residential taxpayers and far from resources?

You are also over paying for a property that was only assessed at 700,000. Sex trafficking, drug trafficking, assaults, robberies, and everything else will be right in our backyards.

Tax paying citizens deserve for their voices to be heard. You need to listen to us and the Salvation Army because they know exactly what is going on at the Econo Lodge, you do not. Would you like that criminal activity in your backyard? We pay high taxes to live here.

You will be making many tax payers upset if you move forward with this awful, inconsiderate decision. I can see why everyone is moving to Holmen.
