Dear Council Members & Mayor of La Crosse,

Please vote in support of #22-0977: Resolution declaring a climate emergency. It really is the very least we can do right now, but a critical step nonetheless that can't wait.

Addressing climate change is not a political issue, it is a practical issue. Recent events--floods, droughts, fires, melting glaciers--show that we have to act now to stop greenhouse gas emissions.

Show your courage by standing up for the future of our rivers and bluffs town and the world we live in. Please pass this resolution and encourage your colleagues to take this small step forward as well!

Respectfully,

Jacob Sciammas
