Hello,

I am a resident of the city of La Crosse and live just off of Cty Rd B near Northwoods International Elementary School. It has come to my attention that there is a motion to reduce the speed limit on the stretch of Cty B from 16 to beyond the school.

I am opposed to this and would urge you to drive on this road considering the long stretch that it encompasses. In the area around the school, there are already appropriate speed limit reductions in place. More so, the school district of La Crosse is likely closing this school in the next year, making a more extensive speed limit reduction even more unnecessary, assuming this related to the presence of a school on the road.

Thank you for your consideration.

Allison Derrick, MD
