Location, if applicable

Summary/Purpose

Amending the ordinance to clarify qualifiers for sanitary connection fees related to redevelopment and expansion of existing facilities.

Background

After multiple years since implementation of this ordinance and working with surrounding communities to ensure we are all interpreting the ordinance the same, it was found these amendments would help provide additional clarification and streamline processes due to the highly variable facility changes we have encountered over the years. This ordinance is enforced by the City of La Crosse, as well as any contracted wholesale communities which include the City of Onalaska and the City of La Crescent.

Fiscal Impact

Connection Fees are variable based on the amount of development and redevelopment.

Staff Recommendation

Staff recommends adoption of these changes.
