Location, if applicable

1700 block Market St

Summary/Purpose

See Resolution and Background

Background

Sagging sewer main is holding water and multiple lateral connection points are failing and allowing inflow and infiltration of clean ground water. Mains in said block are deep, and individual repairs by owners would be expensive. Best option is complete replacement of mains. All funding is from closed or under-budget projects. No new funding is required.

Fiscal Impact

No new funding
