Summary/Purpose

Background

Private developer changed original plan for 9 duplexed on 9 properties to 18 properties with 18 "twindo" units. Per Public Service Commission regulations and City of La Crosse policies, properties need separate connections when there are separate owners and utility accounts. Rather than piecemeal individual replacements with a patchy street, the best option is replacement of all connections and a completely repaved street. All funding is from closed or under-budget projects. No new funding is required.

Fiscal Impact

No new funding
