RE: Raze / Remove Residence
2930 South Avenue - Parcel 142
South Avenue Reconstruction Project
DOT Project # 1641-02-22

To qualify for reimbursement for the cost to raze / remove structures associated with the South Avenue Reconstruction project, the Department of Transportation requires that a Hazardous Building Materials Assessment be performed before the structures are razed or removed.

Quotes for the Hazardous Building Materials Assessment were requested from the following firms:

| | |
|-----------------------|-------------|
| Braun InterTec | \$ 1,798.05 |
| Chosen Valley Testing | No Response |

The cost for this service appears to be in-line with previous demolition projects.

Therefore, I recommend award of this work to Braun InterTec in the amount of \$ 1,798.05.

Please contact me with any questions.
