Fire Department Monthly Report

October 2020

November 12th, 2020

Honorable Police & Fire Commission:

In the News:

October 3rd, LCFD responded to a fire at a single-family home at 1026 6th Street S. Two people and four pets evacuated safely and the cause was determined to be overheating of electrical wiring.

October 10th, Firefighter Andrew Barnhardt was given his badge during a small swearing-in ceremony at Station 3.

October 23rd, LCFD was dispatched to a structure fire at 1519 9th Street S, which was a vacant house. The cause and original of the fire is still under investigation.

October 25th, LCFD responded to a report of a two-car garage fire at 924 Caledonia Street. Firefighters found fire and smoke coming from the entry door, and a person inside the structure was pronounced dead at the scene. The fire was extinguished within ten minutes and is still under investigation.

October 30th, LCFD was dispatched to a house fire at 1308 Charles Street. The fire was caused by electrical wiring in the ceiling. No injuries were reported and one dog was rescued safely by firefighters.

October 31st, LCFD responded, was on scene, and extinguished a rubbish fire within eight minutes at Pettibone Park. Thankfully, no damage was caused to any structures or vehicles.

Personnel: Division Chief Steven Cash completed his training, passed his exam and is now officially a Certified Fire and Explosive Investigator.

Attached are the following reports: Incident Data, Monthly Activities, and Division Summaries.

Respectfully Submitted,

Ken Gilliam, Fire Chief

*We promote safety, reduce risks, and respond to calls for fire suppression, emergency medical services, and all-hazards rescue.
We earn the community's trust through preparedness, professionalism, and dedication to service.*

Community Risk Education

October 2020

Fire Prevention Week: Fire Prevention Week was a success. We created fire safety videos in a partnership with WKBT and sent these videos to every elementary classroom in La Crosse. Feedback from teachers has been very positive and they appreciated the effort to continue to educate the schoolkids during the pandemic. All the videos have been put onto the department's YouTube page and they have been viewed nearly 2,000 times.

We completed construction of our fire safety dollhouse. This dollhouse uses fake smoke to simulate how smoke travels through a home and illustrates the importance of sleeping with your door closed. This has also been recorded and shared on social media.

Education:

- Presented at the NFPA's Spotlight on Public Education Conference on LCFD's Community Risk Assessment and the mySidewalk grant pilot project we are involved with
- Spoke on CRR to the United Way's Community Health Workers' at their monthly meeting. Risk reduction and collaboration was the focus
- Did a Facebook live book reading and safety talk with the library for FPW
- We handed out 2,000 fire safety pamphlets to participants in Parks' Haunted Mile

Media Spots: Community Risk Educator, Pat Corran did seven media interviews regarding risk reduction over the month of October.

- Two TV interviews at our media day for FPW. Media day was a success. We hosted several media outlets and did a grease fire demonstration. We also recorded this demonstration and did a Facebook live event on the day as well.
- Two TV interviews on the mask giveaway at Myrick Park. We handed out 2,000 masks and also gave out 500 fire safety pamphlets and education to cars
- Two TV interviews on needle/drug/opioid risk reduction efforts in the City
- One radio interview on FPW

Community Outreach: We reached over 32,000 people via our Facebook page. (see diagram below)

Total Reach

The number of people who saw any content from your Page or about your Page. This metric is estimated.

Subject: Feedback From Carp (GHOST Project) - First Responders Only

Hello,

Carp recently observed one of your calls and would like to provide some feedback. Please email or call him directly with questions.

Date: 10/15/2020

Nature of Call: Training

Call Description: Off road medical training

Feedback: Excellent training. Your crews did a great job and I can tell they are very interested in doing the training and always looking for ways to improve their proficiency and efficiency. The training was very well planned and provided some unique challenges to work through. Thanks for inviting me to participate. Great Job!

Thank You!

La Crosse Fire Dept.,

Thank you for the fire safety video and the materials to share with our families. Thank you for all you do to keep us safe from fire.
