Dear Mr. Crandall:

SUBJECT: Dairyland Power Cooperative's Telecommunications Fiber Optic Line M01  
City of La Crosse, La Crosse County, Wisconsin (10700 W33611)

Dairyland Power Cooperative will need to relocate some underground fiber optic line due to Wisconsin DOT's upcoming Hwy Proj. 5163-07-02. The area in question is a crossing underneath Hwy 14/61. Dairyland has an existing Street Privilege Permit for the fiber optic line dating from the initial installation. The existing SPP is permit #2109. I would like to request an amendment to the permit to reflect the relocation of the fiber optic line due to WisDOT's previously referenced highway project.

I reached out to you earlier this year to discuss this. You recommended I send a letter asking for the amendment, along with WisDOT's approval of Dairyland's workplan to relocate the fiber optic line. Please find attached WisDOT's approval of Dairyland's workplan for the fiber optic relocation for Hwy Proj. 5163-07-02. I had previously sent you Dairyland's proposed plan to relocate the fiber optic line on December 16<sup>th</sup>, 2020.

Sincerely,
