La Crosse, WI 54601

Dear Mr. Acklin,

Please accept this letter on behalf of Haven on Main to request FINAL REVIEW in accordance with the City of La Crosse requirements. Our intent is to complete FINAL REVIEW and then submit our Specific Implementation Plan for the planned development under TND on May 2<sup>nd</sup>. Our intent is to have this project approved at the June City Council meeting so that permits for construction can be aquired.

Our site and building plans have been sent directly to you via email today. Included in the plan set are sheets specifically for the improvement of the Public Alley and State Street. Our storm water management plan has been sent to directly Yuri today as well.

Per our earlier meetings, this request will be to satisfy the rezoning of the Haven on Main lot to a planned development under the Traditional Neighborhood District.

Should you have questions or wish to discuss further, please contact me.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jeffrey S. Moorhouse", written over a horizontal line.
