Dear Council Members,

As a La Crosse resident, I feel compelled to share my thoughts on agenda item 24-1437, the resolution to sell 626 Monitor Street to Property Logic III. I respectfully urge you to vote no and give your support to the Fire House Commons proposal instead.

Tiff and Marty have already shown their dedication to this community with the incredible transformation of the Hatchery building. They took a space that was underutilized and turned it into a vibrant hub for people to gather, celebrate, and connect. Their passion and vision have made a lasting impact, and I believe we should be rooting for them to do even more—not pushing them away for an office space proposal that lacks the same heart and purpose.

Office space might serve a limited function, but the Fire House Commons project has the potential to energize the North Side, support small businesses, and create opportunities that benefit all of La Crosse. It's a project that aligns with the values and goals of our community, and it deserves your consideration. Thank you for your time and for prioritizing the future of our city.

Sincerely
Nathan Anibas
La Crosse Resident
