

Amendment to 2025 CIP #926 Library Air Handlers

Original requested amount: \$631,300 of GOB for Library Air Handlers based on quotes from October 2023; since then the price quote has increased to \$900,000. In consultation with City Engineering, the request is now for \$900,000.

Amendment in consultation with Mayor and Finance Director:

Use remaining unappropriated funds in CIP #466 South Community Remodel and CIP #467 Main Branch Library Main Hall (\$481,590) and allocate them to CIP #926 Library Air Handlers.

This reallocation of \$481,590 to the \$900,000 quote leaves a new amount of \$418,410 of GOB request for CIP #926.

Using these unappropriated funds reduces the 2025 GOB request for #926 by \$212,890.
