From Bessie Richardson,

I live at 1517 16th St. South.

I wanted to put my support in for the Financial business. Although commercial in my neighborhood may not be the best, but I believe it will have the least impact on the culture of the neighborhood.

The business would be Monday through Friday. It does not seem to be a high traffic business. The children from the school would still seem to have access to the park area near the building.

Selfishly, it probably would not put more people near me.

That is a person living one block aways opinion
