

From the Offices of the Traffic Engineer
and the Chief of Police
City Hall

**CITY OF LA CROSSE
BOARD OF PUBLIC WORKS
Findings & Orders:**

August 14, 2023

ESTABLISHING

AMENDING

VACATING

TYPE OF ALTERATION: 2-way YIELD control, requiring East-West traffic to yield

GENERAL LOCATION: Intersection of Loomis Street & Rublee Street

Report:

A request was received to investigate traffic control at the intersection of Loomis Street and Rublee Street, which is currently uncontrolled. Conditions, including sight distance, crash history, and road classification, do not warrant STOP or YIELD conditions per existing criteria.

To establish guidance at the intersection, the Board of Public Works could approve a 2-way YIELD control. It would be recommended that the signs be arranged for East-West traffic to yield to North-South traffic.

WHEREAS, Section 44-39 of the City of La Crosse Municipal Code of Ordinances provides that after obtaining a report and recommendation of the Traffic Engineer, the Chief of Police shall forward recommendations and appropriate orders to the Board of Public Works.

AND WHEREAS, the Findings of the Traffic Engineer state the public interest, convenience, and necessity, the Chief of Police hereby Orders the above traffic alterations, to wit:

- 2-way YIELD signs at Loomis & Rublee St, as defined above.

NOW, THEREFORE, the Board of Public Works hereby approves the aforementioned traffic alteration, and City staff is hereby authorized to effect said changes.

Matthew A. Gallager
Director of Engineering & Public Works

Shawn Kudron
Chief of Police
