Dear Members of the Zoning Committee,

I am writing to respectfully request that the property located at 1701 Onalaska Ave be permitted to operate as a triplex.

Many years ago, this property was originally zoned and used as a triplex. At some point, a previous owner undertook renovations that extended for more than a year, which resulted in the zoning designation reverting back to a duplex. Despite that change, the building has continued to function as a triplex for multiple years and has changed ownership several times in that same configuration.

Earlier this year, we were contacted by the Building Inspections Department and informed that an order to correct the zoning had been issued to a prior owner. Unfortunately, that correction was never completed. The property was subsequently sold to the current owner as a triplex, and the current owner would like to be in full compliance with city requirements.

Allowing this property to be formally recognized as a triplex will not require any new construction, structural changes, or disruptions to the surrounding neighborhood. It has operated in its current form for many years without issue, and approving this request will support the opportunity for a family to live in a great neighborhood.

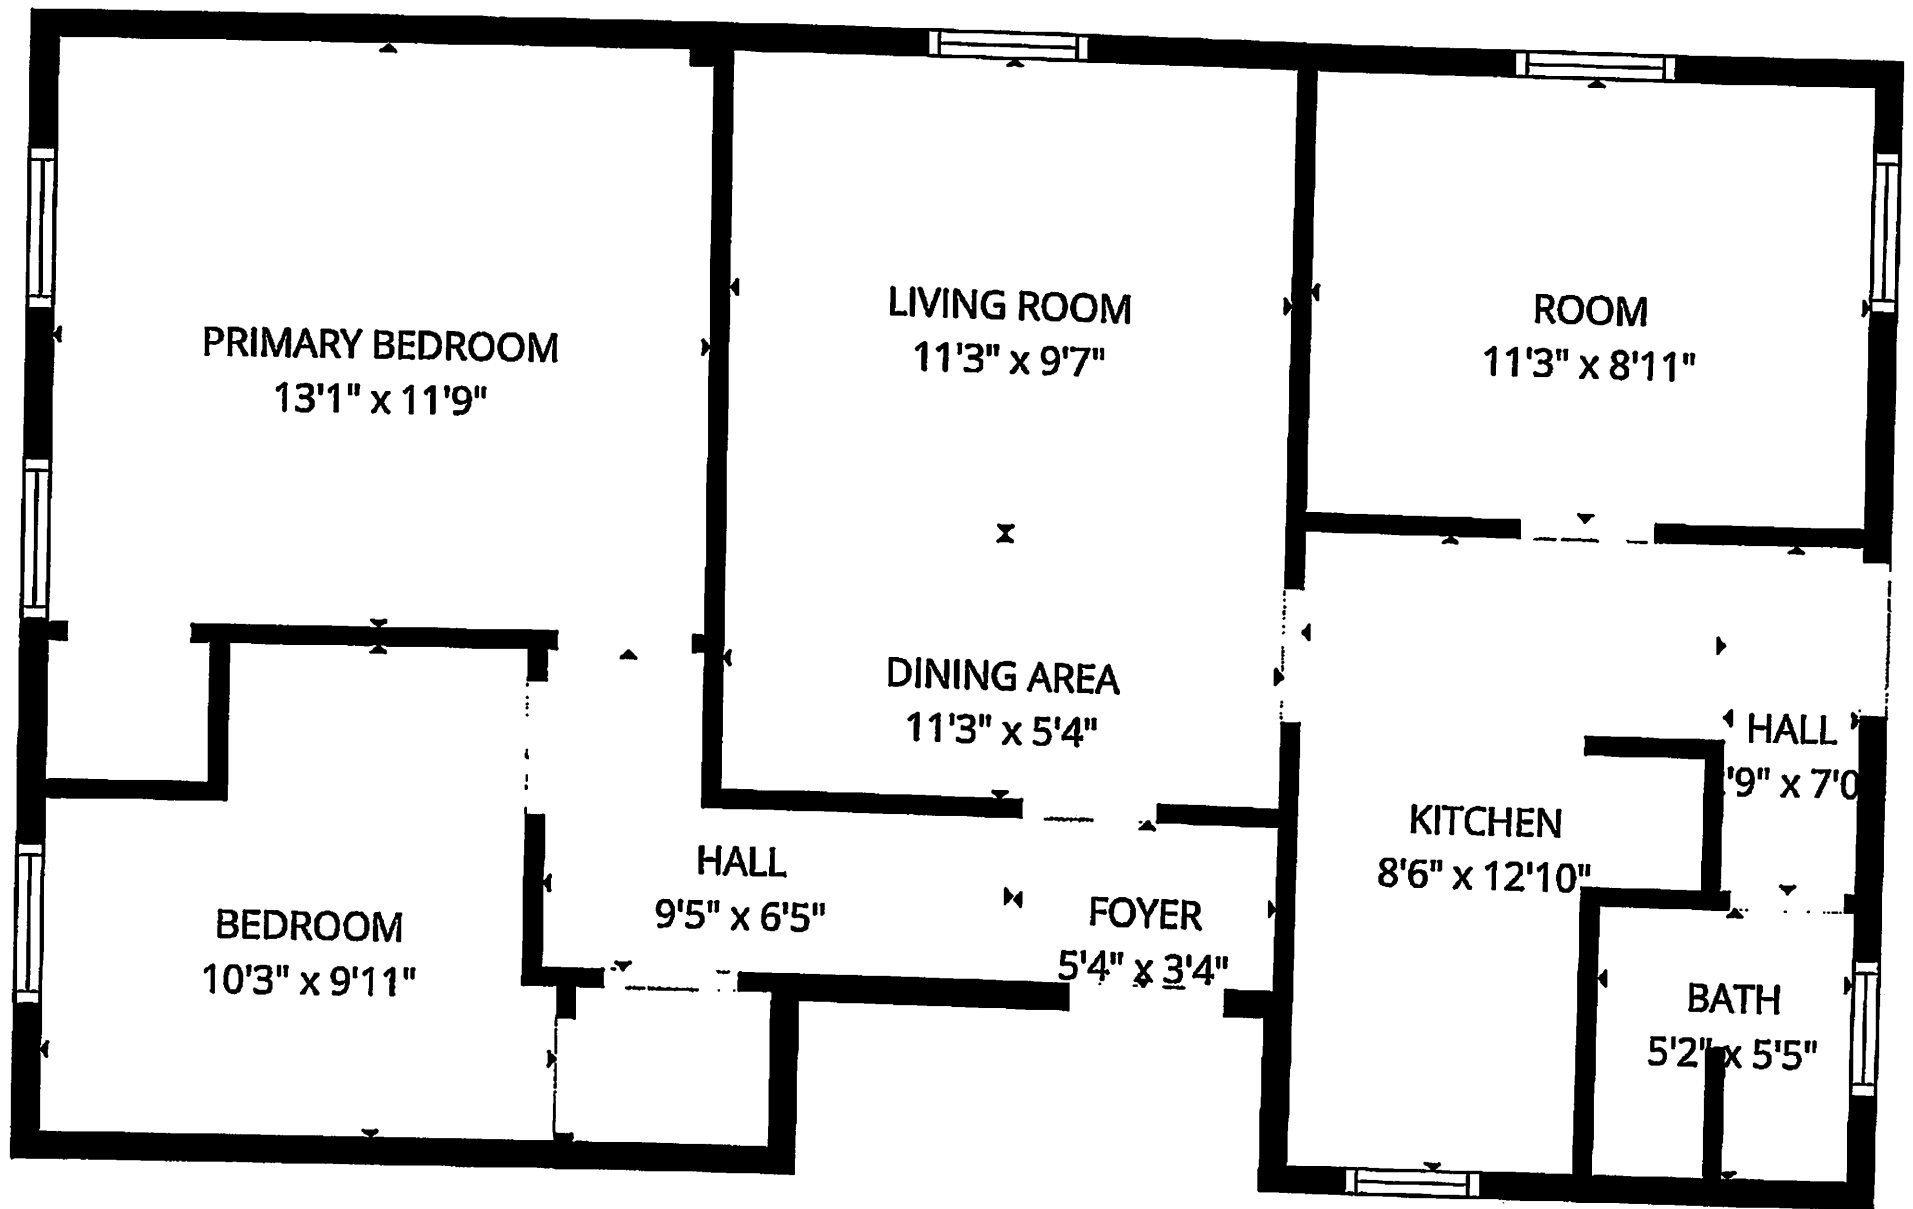

We appreciate your time and consideration of this request and welcome any questions or guidance you may have as we work toward compliance.

Sincerely,

Suzanne Rauterkus
