Dear City Plan Commission,

I am writing to request that CIP Item 905, Route 1 bicycle signage, be moved from unfunded to funded.

A lot of work has gone into making safer infrastructure and connections for this route, which has the potential to not only draw visitors to the area, but also allow more local people to use it in their daily lives—improving health and reducing emissions.

It needs to be signed so that people can find and follow it. Please restore the funding.

Thank you,

Bridget C. Brown
