Dear La Crosse Council Members,

I am writing to each of you to request your support for the petition of Scenic Bluffs Community Health Centers to rezone the REACH Center at 212 11th Street South from Washburn Residential to Traditional Neighborhood Development.

I ask that you vote yes on the request to reconsider and to approve their petition. Our community members need the important dental care services that will be provided. At this time, many people travel to Cashton in order to receive these dental services; La Crosse should have similar services available for its residents. This location at 212 11th Street South already serves as a space where many organizations work together to provide services to the residents of La Crosse; dental services are a need in this community that can also be provided there.

Thank you for consideration of this request of a yes vote for the rezoning petition.

Rochelle Nicks
